New Hampshire Dairy Goat Seminar
The Genetics Game

37th Annual NH Farm, Forest & Garden Exposition

Saturday-February 15, 2020, 10:00 a.m. to 12:00 p.m.
Double Tree by Hilton Manchester Downtown (formerly known as the Center of New Hampshire),
700 Elm Street - Manchester, NH (Room TBA)

The session will cover basic genetic principles with some examples from what we understand of genetics, such as color markers, and then finish with a hands-on game demonstrating genetic variability. This will provide information for the hobbyist and commercial breeder about how to make genetic improvements in their herd.

SCHEDULE:

10:00 a.m. **ADGA District #1 Meeting**
Phil Cassette, Second Vice President, American Dairy Goat Association (ADGA);
and District #1 Directors, Cliff Parker and Tom Cox, ADGA President

10:30 a.m. **"The Genetics Game: Basic Understanding of How Genetics Work" – Cliff Parker, 4-H Volunteer, ADGA Director, and 4-H dairy goat judge**

12:00 p.m. **Adjourn**

There is no registration fee for the conference, but there will be an opportunity to donate to the 4-H dairy goat program and dairy goat publications will be available for sale.

John C. Porter

UNH Extension Professor/Specialist, Emeritus
