Bring your students out to the Fair to learn the importance of Agriculture in their daily lives.

The U.S. Department of Agriculture has made us all aware of the importance of basic knowledge of agriculture. Children should be well versed in each vital link in the food chain and plant production. Fairs have a responsibility to provide a strong awareness of agriculture to their community.

That is why the Tri-State Fair has teamed up with

- Texas Farm Bureau
- Southwest Dairy Famers
- Thank A Farmer Magic Show

to show your students the role Agriculture plays in their daily lives while having fun learning about it.

Shows will be offered
Monday, Sept. 16-Friday, Sept. 20 at 9:30 a.m., 10:30 a.m., 11:30 a.m. and 12:30 p.m.
for your class BUT you must make a reservation.

Plan on an hour and fifteen minutes for the Ag Education programs.
