Water and Wind Exhibits at the PPHM

Where do we get our water from in the Texas Panhandle?

Most Precious Resource
Why are these water containers important?

Make a simple sketch of a container you find interesting and explain why you think so.

My personal definitions:
Playa lake -

aquifer -

Windmill room
What is the job of a windmill?

My explanation of how a windmill works -

On the back of this page draw a simple sketch of a windmill in this room.

Name one positive and one negative effect of using aquifers.
