This 10 year old bay roan gelding is athletic and smart. He moves a cow well. He is easy to get along with and really easy to look at. Woodrow is about as tough as the old mythical Texas Ranger that he's named for, but with a good mind and disposition. We think his genetics combine the best of the "old time ranch horses" with modern day good looks and disposition.

Batman stands 15 hands and weighs 1150. We have owned him for 4 years and done everything on the ranch you can name. This horse has had a ton of cattle roped and doctored off of him. He has sorted all kinds of cattle and will really watch a cow. We showed this horse last winter at the BHSS Ranch Horse Competition. He is good to be around and stays broke. This gelding is broke enough, you could go any direction you want with him.

This is a very fancy ranch/rope horse that you seldom get a chance to buy at a sale. Used him in the All Around Ranch Rodeo Challenge, where we set a new arena record in the mugging and the cow milking. Used him to win the KS Champ Ranch Rodeo. Qualified for the Midwest Ranch Horse Assoc Finals. I used him at the World Champ. Ranch Rodeo in Amarillo, TX this year. Has been hauled to many jackpots - ropes both ends. Scores like a rock and has lots of speed, talent and ability to be a big time head horse. Used in a starter yard and has roped lots of cattle outside. Very gentle - great family horse. Bert is an outstanding palomino gelding. He is 15.3, 1300 lbs. There is nothing on the ranch he hasn't seen, we've doctored calves, yearlings, drug cows in the trailer, drug calves to the fire. Sorted lots of pairs on him and he will work a rope. Very broke and soft in the bridle. Moves off your legs and travels very well, smooth to ride and very quiet. Gathered cattle in very rough country and is good on his feet. We've started roping a few steers on him and is coming along well. Gentle and anyone can get along with him. Turn him out and he will be the same next time you catch him. Never been lame and has a lot of bone and great feet. We think a lot of him. FMI 406-486-5700 or 406-788-9768.

Shady is a joy to ride and look at. He can do anything on the ranch from calving, sorting to doctoring. He is heading and heeling in the arena and will go to jackpots this winter. He would also make a nice calf/breakaway horse with a huge stop. I have also logged him to prep for steer roping, which he handled well. I believe this horse will work for whatever you want. 14.2, 1140 lbs. 308-760-7533.

Very nice palomino gelding. By a son of Smart Chic Olena, producer of \$7 million. Very broke and lots of talent. He'll stop, turn and watch a cow. I've used him for about anything there is to do on a ranch. Worked in the feedlot, doctored in the pasture and ponied lots of colts on him. Started in the arena and would make a really nice rope horse. Gentle, sound and easy to catch.
