The theme for the 2021 Fair Exposition is “An Earthly A-Fair”. The exposition center will host exhibits to show Fair visitors how small changes in the way we live can make a huge impact on our lives. We will feature interactive and educational exhibits about the protection of our environment and the vital importance of agriculture. Clean air, water conservation and ways to protect our endangered species will all be part of the exposition.

It also includes information on new activities and events that are being planned. We welcome you to become a part of a 109-year long tradition by participating in the 2021 South Florida Fair.

Welcome to the South Florida Fair and Palm Beach County Expositions, Inc.!

Each year, approximately 5 million people attend one of the numerous fairs around our state. As Florida’s Commissioner of Agriculture, I am enthusiastic about the positive impact fairs and livestock shows have on the agricultural industry.

Events like the South Florida Fair and Palm Beach County Expositions are an excellent platform for showcasing the finest “Fresh From Florida” products as well as the industry’s latest technological advancements and innovations.

The Florida Department of Agriculture and Consumer Services created and maintains the “Fresh from Florida” program, which assists small and large producers alike by promoting the wide variety of high-quality products that are grown and harvested in Florida. I hope we can also count on your support of this program - just look for items with the “Fresh from Florida” label. Together, we can help our state’s agricultural industry thrive.

While you are visiting the South Florida Fair and Palm Beach County Expositions today, I hope you will take the opportunity to enjoy the outstanding food, entertainment, contests and youth exhibits. Most importantly, I hope your day at the fair will allow you to experience Florida’s agricultural roots and its impact on our great state. Enjoy!

Sincerely,

Nicole Fried
Commissioner Nicole "Nikki" Fried
Commissioner of Agriculture
Dear Fair Visitor,

The 2020 South Florida Fair will be a celebration of popular sports in our community with interactive and educational sports exhibits throughout the Expo Center. The Hometown Teams exhibition, in partnership with the Smithsonian Institute and the Florida Humanities Council, will teach our visitors the cultural impact and importance of the different sports in American communities. The National Baseball Hall of Fame’s "Picturing America’s Pastime" offers a snapshot of the photograph collection in the Museum’s photo archive, spanning almost 150 years.

At this year’s Fair, you can strap on a VR headset and experience simulated realities in a variety of sports like golf, soccer, football, hockey, basketball, baseball and more. A batting cage, a pitching cage and a field goal kick will be available to test your skills as well. After all the excitement of the Expo, be sure to enjoy the flavorful fair food and the exhilarating rides.

Please, take time to visit informative agricultural and community exhibits and learn all about Florida’s history in Yesteryear Village.

We are excited and appreciative that you are considering an entry into one of the many competitions that are a part of the 2020 South Florida Fair. By participating in the Fair, you become a part of a 108-year long tradition of South Floridians showcasing their passion and abilities to the thousands of people who visit the Fair.

Be sure to experience the essence of sports—competition, fair play, and the zeal to win at the 2020 South Florida Fair PLAY BALL, PLAY FAIR exposition from January 17th – February 2nd, 2020.

Thank you for helping us carry on the tradition of agricultural fairs in America and especially the South Florida Fair!

Sincerely,

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers or absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following are list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.

2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.

3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.

4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of, consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.
5. Any surgical procedure or injection of any foreign substance or drug or external application of any substance (irritant, counterirritant or similar substance) which could affect the animal’s performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only, and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.

7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

9. The application of this code of ethics provides for absolute responsibility for an animal’s condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expos and any special notices to members.

11. The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

ANIMAL WELFARE POLICY

The purpose of the South Florida Fair’s Livestock Committee is to address all issues of animal care including:
• Appropriate care and management of animals while on the South Florida Fairgrounds by exhibitors.
• Educational programs for exhibitors and the general public.
• The philosophy of the South Florida Fair in regards to animal care and management.
• Handling expressions of concern for animal care from the public.

PHILOSOPHY STATEMENT

The South Florida Fair is an animal welfare advocate requiring the humane treatment of animals. Animal welfare advocates continue to expand their knowledge base about animals, their behavior, and their management as science and technology dictate. Animal welfare advocates celebrate the bond between animals and humans.

IN CONTRAST, animal rights activists seek to sever any bond between humans and animals. Most animal rights activists believe animals should only be admired from afar, without human intervention. A large fraction of the movement is also pushing for animals to be given the same rights and status as humans. Animal rights activists fundamentally believe animals should not be utilized to feed, clothe, assist, entertain, or benefit humans.

It is important that the exhibitors understand:
- The purpose of youth livestock projects
- The importance of ethics in youth livestock projects
- Proper animal handling and management
- The difference between animal welfare and animals rights
- Be prepared to be an ambassador for animal agriculture

NOTE: Steer must weigh around 750 pounds by the last week of October to meet the 1000-pound minimum at check-in.

The South Florida Fair believes that every youth exhibitor should receive proper training and information for raising and showing a youth animal project. It is important that the exhibitor understands: the purpose and importance of ethics in youth livestock projects, proper animal handling and management, and the difference between animal welfare and animal rights. The MANDATORY Youth Livestock Show Ethics and Animal Care Workshop is designed to certify students to meet these requirements. This program has been endorsed by the Florida Department of Agriculture and Consumer Services and the University of Florida, IFAS.

I understand that my rabbits will be on exhibit until the scheduled close of Fair on Sunday, January 31, 2021 at 8 p.m., at which time it is my responsibility to pick them up. I understand that the feeding and care of my rabbits will be handled during the course of the Fair by the Exhibit Supervisor and/or assistants. Early removal of exhibits shall result in loss of ribbons, premiums, and future showing privileges. There will be no animal sales at the South Florida Fair, except at the Youth Market Auction.

I attest that my rabbits are healthy and free of disease to the best of my knowledge.

2ND ANNUAL SOUTH FLORIDA FAIR
2021 OPEN MARKET RABBIT AND MARKET PEN COMPETITION

The competition will feature both single market rabbit pens and market trio pens—which consist of three rabbits to be judged together as one entry.

The entry fee is $5 per entry. Participants are permitted to enter multiple entries.

The market pen is three rabbits, any gender, ideally between three and a half pounds and five and a half pounds. They must not be older than 70 days.

Premiums are: 1st place: $100, 2nd place: $50, 3rd place: $25, 4th place $10, 5th place: $5

The single market rabbit is a rabbit, any gender, ideally between three and a half pounds and five and a half pounds. They must not be older than 70 days.

Premiums are: 1st place: $50, 2nd place: $35, 3rd place: $20, 4th place: $10, 5th place: $5

Grand Champion in each category will be awarded an additional $50 if there are more than five exhibitors in their category.

Market rabbits are judged for body type, condition, and uniformity by the American Rabbit Breeders Association (ARBA) Standard of Perfection. Their type must be meaty, with prime muscle condition. The market pen should be uniform in size, all the same color (if possible), and all the same breed.

The judges will balance the characteristics of type, condition, and uniformity in deciding which is the best entry.

The market pen and single market rabbit competition is a demonstration of the participant’s ability to breed and raise (or purchase and raise) a market animal of ideal size and quality.

ALL STUDENTS ENTERED IN THE SOUTH FLORIDA FAIR YOUTH SHOWS MUST HAVE COMPLETED THE ETHICS TRAINING WORKSHOP OR HAVE A CURRENT ETHICS NUMBER BEFORE JANUARY 1 TO SHOW AN ANIMAL.

NOTE: While most Florida fairs have adopted this ethics program, the rules governing the exhibitors differ from fair to fair. It is the exhibitors’ responsibility to make sure they are in compliance with EACH fair where they are showing.
