On behalf of the Extraco Events Center welcome to the 2020 Heart O' Texas Livestock Show. We are looking forward to this year's events. We are also very excited about our new EXPO Center, "The BASE" which will open in 2021. If you were here last year, I am sure you noticed the changes due to the ongoing new construction happening at our facility. The construction will be ongoing again this year. But, due to our hard working, dedicated staff, management team, and volunteers we pledge to do our best to make your experience a good one. We will continue this year with our goal of "Raising the Standard" to make your visit enjoyable. We thank you in advance for your patience during this process. If you are new to our facility this year, we welcome you and look forward to meeting you.

The COVID-19 Pandemic has taken a toll on all of us, both socially and economically. Your health and safety are our top priority. With that in mind, we have implemented a few changes and guidelines this year which will be new, with your health and safety in mind.

The Heart O' Texas Livestock Show will continue to be one of the premier events in Central Texas. We are proud of the fact that we presented over \$250,000 in scholarships in 2019 and commit to you to do our best to exceed that number in 2020.

We hope you can find the time in your busy schedules to visit the rodeo and the other festivities on the grounds during your visit.

Good luck at the 2020 Heart O' Texas Livestock Show.

An exhibit that violates any of the following rules may forfeit all privileges, fees paid and premiums and be subject to such penalty as the HOT Livestock Show may order.**

The failure of the HOT Livestock Show to enforce any of the provisions, rules, rights or remedies of this exhibitor catalog or to exercise any options or sanctions herein provided will in no way be construed to be a waiver of such provisions, rules, rights, remedies, sanctions or options.

If there is a conflict between the special rules or requirements of any department or division and the general rules & regulations, the special rules or requirements shall apply.

2. **Invitational Show:** The HOT Livestock Show is an invitational livestock show, which reserves the right to extend, withhold, or revoke an invitation to any exhibitor or contestant.
3. **Interpretation and Violation of Rules:** The HOT Livestock Show reserves, to its Executive Committee, the final and absolute right to interpret these general rules and arbitrarily settle and determine all matters, questions and differences in regard hereto, or otherwise arising out of the right to amend or add to these rules as its judgment may determine. *The HOT Livestock Show also reserves the right to change the show schedule, delete classes or add breeds/classes at the discretion of the show officials.* An exhibitor who violates any of the rules will forfeit all privileges and premiums and be subject to such penalty as the Executive Committee may order.
4. **ATTENTION: USE OF DRUGS:**
The use by non-veterinarians of animal drugs or other substances in any manner other than in accord with the labeling approved by FDA is a violation of federal law. Exhibitor’s and their parents and/or guardians agree that: (1) they are absolutely and completely responsible persons for the care and custody of their animals, (2) the HOT Livestock Show shall be entitled to disqualify an exhibitor whose animal tests positive for any drug, even if the exhibitor and the exhibitor’s parents and/or guardians are innocent of any wrongdoing and did not administer the drug, (3) the drug test results of the testing laboratories are final and binding upon the exhibitor and the exhibitor’s parents and/or guardians. Even if the source of the drug is unknown, the HOT Livestock Show shall be entitled to disqualify the exhibitor.
5. **Drug Testing Policy:**
All entries are subject to random testing. The HOT Livestock Show reserves the right to test any animal officially entered in the livestock show for foreign substances including drugs, chemicals or feed additives. Grand and Reserve Grand Champion Junior Market winners and the Supreme and Reserve Supreme Champion Breeding Heifer will be tested at the conclusion of the champion drive. Randomly selected animals will be tested after the completion of their respective class. The HOT Livestock Show maintains a **Zero Tolerance Policy** for unethically fitted livestock. This includes but is not limited to the use of off label drugs and non-antibiotic therapeutic medications.
 - A. **Approved Drug Use:**
If an animal has been administered a drug that is Food & Drug Administration (FDA) approved for its species and class, sufficient time must have passed so that the animal does not test positive for that drug upon arrival at the EEC. Animals must remain free and clear of all drug and chemical residues while on show grounds. Please note that elimination time (the time it takes for no drug residue to be found in the system) is generally longer than the labeled withdrawal time for most approved drugs. The show will not tolerate the presence of zilpaterol hydrochloride (Zilmax™) or ractopamine hydrochloride (Paylean™ Optaflexx™) in species for which they are not FDA approved.
 - B. **Unapproved Drug Use:**

The showing of any animal that has been administered during its life any quantity of any unapproved drug, chemical or medication is strictly prohibited. Such drugs include, but are not limited to, any diuretic, unapproved growth stimulant or other unapproved medication. Unapproved means not approved by the (FDA) and/or the U.S. Department of Agriculture (USDA) for slaughter animals including animals that may be destined for human consumption.

Classes of Drugs:

Antibacterial Therapeutic Medications

Used to treat infection, these compounds don't create competitive advantage, but can create food safety concerns if not used according to label directions. Many are only FDA approved for particular species, meaning that extensive research has been conducted regarding the proper dosage and type of administration to be efficacious in that species as well as the withdrawal time that is necessary for meat products to be safe for human consumption.

Non-Antibiotic Therapeutic Medications:

Inclusive of anti-inflammatories, antipyretics, diuretics and anesthetics, these medications can result in competitive advantage by altering the physical appearance of the animal and/or concerns with food safety. Some are available over the counter and others can only be legally sourced and administered through prescription by a licensed veterinarian. Many are only FDA approved for a particular species and may only be used in another species with a prescription from a licensed veterinarian.

Beta-agonists:

Originally developed as bronchodilators in humans, larger dosages have a growth promoting effect in animals and result in increased muscle and decreased fat. The only beta-agonist that is currently FDA approved and available for use in livestock production is ractopamine, which is approved for use in market cattle, market swine and market turkeys with a zero-day withdrawal (i.e. research indicates that meat products are safe for consumption at any time during the feeding period). Use of ractopamine in any other species or class within species, or any beta-agonist lacking animal approval in any species, creates concerns with both food safety and competitive advantage.

C. Inspection/Testing:

Each exhibitor, by entering or exhibiting an animal at the HOT Livestock Show, agrees that any animal entered by him or her may be subjected to inspection or examination by any veterinarian appointed by HOT Livestock Show and that HOT Livestock Show may subject any such animal to any tests, sample-takings, or inspections that HOTFR deems necessary or appropriate, including but not limited to testing for drugs or other substances, at any time. The HOT Livestock Show shall have the right to conduct or have conducted for it all tests, inspections, or analyses it deems appropriate or necessary, including but not limited to ultrasound, D.N.A., blood, tissue and urine laboratory analysis, on any animal entered in or exhibited at the HOT Livestock Show. The exhibitor and the exhibitor's parent, legal guardian, AST or CEA must be present during the collection of an initial urine sample for testing and must witness, seal and sign the sample, thereby establishing that the sample was properly collected and prepared for analysis. Subsequent samples of any sort may be taken by or for HOT Livestock Show without the presence of the exhibitor or his or her parent, legal guardian or AST or CEA.

All decisions, determinations and conclusions based on any test, inspection, analysis, or examination shall be final and conclusive without recourse against HOT Livestock Show or any of its Show Management, directors, volunteers and employees, or any veterinarian appointed by HOT Livestock Show.

EACH EXHIBITOR, BY ENTERING AND EXHIBITING AN ANIMAL OR PROJECT IN OR AT THE HOTFR, WAIVES AND RELEASES HOT LIVESTOCK SHOW FROM ANY AND ALL CLAIMS, SUITS, CAUSES OF ACTION, LIABILITIES, DAMAGES, DEMANDS, COSTS, EXPENSES (INCLUDING ATTORNEYS' FEES) AND OTHER LOSSES OF EVERY SORT BASED ON, ARISING OUT OF, OR RELATING TO THE INSPECTION OR TESTING OF ANY SUCH ANIMAL AND ANY RULING, DECISION, OR ACTION TAKEN AS A RESULT OF OR IN RELIANCE ON THE RESULTS OF ANY TEST OR INSPECTION, WHETHER OR NOT SUCH TESTING OR INSPECTION WAS CONDUCTED IN COMPLIANCE WITH THESE RULES. THE FOREGOING WAIVER AND RELEASE APPLIES TO ANY

CAUSES OF ACTION, CLAIMS AND DEMANDS BASED ON HOTFR'S ACTUAL OR ALLEGED NEGLIGENCE.

6. **Eligibility of Exhibitors:** To be eligible in the Junior Livestock Show, exhibitors must be Texas residents and a member of a Texas 4-H Club or FFA Chapter. Exhibitors must have continuously owned and personally fed and cared for their animal under the direct supervision of a County Extension Agent or Ag Science Teacher. Exhibitors must meet a 4-H age which is 8 years old and in 3rd grade or 9 years old before August 31, 2020, and not older than 18, and must be enrolled and attending a public, private or home school. All animals entered for competition in market classes - goats, steers, hogs and lamb divisions – must have been owned by the exhibitor not less than the period specified for each division. Registry certificates of ownership or transfer for all registered breeding animals must be produced, showing the exhibitor to be the owner. The transfer will indicate period of ownership. *Exhibitors must furnish, if asked, animals for the judging contest.*
7. **Scholastic Eligibility:** All 4-H and FFA members are considered eligible by the HOT Livestock Show for participation in the Junior Livestock Show at the time of entry applications are received from the CEA or AST. If an exhibitor is ineligible, then the entry is ineligible. The HOT Livestock Show has a NO PASS, NO PLAY rule. Exhibitors must meet scholastic and academic requirements, and it is the responsibility of all AST's and CEA's to ensure the eligibility of each exhibitor.
8. **Quality Counts:** To be eligible to compete in the Junior Shows, exhibitors will need Quality Counts verification. The Quality Counts verification number must be recorded on the Junior Show Entry Form when entering the project. Please refer to the website <https://agrilife.org/qualitycounts/> for information on how to become verified.

61. **Interference with Judges:** If any exhibitor, in any way, whether in person or by agent or servants, interferes with the judges during their adjudication, or shows any disrespect to them or the Show, the Show Management may demand a proper apology from such exhibitor, or it may exclude him or her from the ring and may also withhold exhibitor premiums and may bar exhibitor from future participation in the HOT Livestock Show.
62. **Time of Judging:** The Livestock Judging Program as published in the Livestock Exhibitor Catalog will be followed as closely as possible. Exhibitors should ascertain at what time the exhibits will be judged. Any exhibit not presented promptly on scheduled time will be ruled out and barred from competition in the class called. No complaint or protest on the ground that judges overlooked exhibits will be considered.

63. Unworthy Exhibits: Judges must not award a prize to an unworthy exhibit. It is the intention of HOT Livestock Show that no premium or distinction of any kind shall be given to any animal or article that is not deserving. Judges are also requested to discriminate against animals upon which a surgical operation has been performed to improve their “show” appearance. These rules must be strictly adhered to, whether there is a competition or not.

64. International Association of Fairs & Events (IAFE) National Code of Show Ring Ethics:

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structure classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the “IAFE National Code of Show Ring Ethics,” fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethic demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

- a. All exhibitors must present, upon request of the fair and livestock show officials, proof of ownership, length of ownership and age of all animal entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
- b. Owners, exhibitors, fitters, trainers or absolutely responsible persons shall provide animal health certificate from licensed veterinarians upon request by fair or livestock show officials.
- c. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
- d. Animals shall be presented to show events where they will enter the food chain free of volatile drug residues. The act of entering an animal in a livestock show is giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for Show Management to obtain any specimens of urine, saliva, blood or other substances from the animal to be used in testing. Animals not entered in an event which culminates in the animals entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statues, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with the federal, state and provincial statues, regulations and rules affect the animal’s performance or appearance at the event.

If the laboratory report on the analysis of the saliva, urine, blood or other sample taken from the livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer, transfer to the laboratory and analysis of the sample are correct and accurate of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medication for the sole purpose of protecting the health of the animal shall be administered by a licensed vet.

- e. Any surgical procedure or injection of any foreign substance or drug or the external application of a substance (irritant, counterirritant or similar substance) which could affect the animal’s performance or alter its natural contour, conformation or appearance, except the external applications of substances to the hoofs or horns of

animal which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

- f. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance or other similar practices are not acceptable and are prohibited.
- g. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives or show officials before, during or after the competitive event is prohibited. In furtherance of their official duty, all judges, fair and livestock show management or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
- h. No owner, exhibitor, fitter, trainer or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute to cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
- i. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer or participant whether or not he or she was actually instrumental in or had actual knowledge of treatment of the animal in contravention of this code of ethics.
- j. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the IAFE, including Fairs and Expositions and any special notices to members.
- k. The act of entering of an animal in a fair or livestock show is giving of verification by the owner, exhibitor, fitter, trainer or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

2. **RESIDUE AVOIDANCE PROGRAM IN EFFECT.**
3. To check in for each show, Junior and/or Jackpot, exhibitors will scan the independent barcode located on the weight card. Exhibitors will be prompted by the kiosk to enter **ALL** information, such as breed, date of birth, etc. All information must be entered into the kiosk and turned into show management by (see above). After completing the **self-check-in**, the kiosk will generate a confirmation receipt. It is the responsibility of the exhibitor to ensure that all information on the receipt is correct. It is recommended that exhibitors keep confirmation receipts from the kiosk throughout the duration of the show(s).
4. **HEIFER VALIDATION INFORMATION:** To be eligible, all breeding beef heifers (including potential substitute heifers) **MUST** be validated with the Texas 4-H and FFA Breeding Heifer Validation Program. The deadline for heifer validation is June 30, 2020, but exhibitors need to check with their local County Extension Agent or Agriculture Science Teacher for local/county deadlines. Show officials will collect DNA samples on Breed Champion and Reserve Breed Champion heifers as well as any other heifer designated by Show Management. Show Management will make the final decision regarding any potential disqualification.
5. Animals entered in beef heifer show must be owned by the exhibitor AND registered in the records of the respective breed association (in the name of the exhibitor) on or before June 30, 2020. Permanent identification (i.e. brand or tattoo) must be present and must match the registration paper of the animal. Original registration papers must be solely in the name of the exhibitor. Partnerships of any form will not be allowed.
6. The tattoo/brand/registration papers will be checked on the top two (2) placing heifers at the conclusion of each class and must match the permanent ID that appears on the original registration paper. It is the exhibitor's responsibility to ensure the brand or tattoo is legible prior to arrival on show grounds. Exhibitors will be disqualified if their heifer does not have a matching tattoo or brand, or if the tattoo or brand is illegible. In the event of a disqualification, the next placing heifer with matching identification will advance. **THE SHOW WILL NOT BE RESPONSIBLE FOR BRANDING HEIFERS OR ANY HEIFERS THAT NEED TO BE TATTOOED OR BE RETATTOOED!**

7. Substitutions will only be allowed if the substitute heifer has been validated in the Texas 4H and FFA Heifer Validation Program.
8. Junior exhibiting animals sponsored by organizations which are holding the registration papers must obtain a photo static copy of the registration papers, or the papers themselves, and present them to the Superintendent for approval. In the case of photo copies, both sides of the registration paper must be photographed and presented to the Superintendent. If the rules of the sponsoring organization prevent the transfer of registration papers to the exhibitor until certain obligations are met, a notarized certificate must (1) state this fact and (2) give the date the animal was awarded to the exhibitor. In every case the date of ownership or awarding must be on or before June 30, 2020.
9. **The following are the breeds that will be shown IF eight (8) head are present. If less than eight (8) head, breed will show in ORAB or ORB:**

All heifers will be shown with hair in a natural state WITHOUT the use of foams, glues, oils, adhesives, paints, etc. Heifers with any type of foam, glue, paint, oil, adhesive, etc., in the hair will be disqualified and premiums forfeited. Heifers will be towed. No UNETHICAL FITTING. See General Rules for more information.
