Processed Grain By-Products, Grain Products, Calcium Carbonate, Plant Protein Products, Salt, Kaolin, BROIL LAY PX-50#, dl-Methionine, Lysine, Vitamin A Supplement, Vitamin D3 Supplement and Vitamin E Supplement.

Feeding Directions

Feed as the sole ration to laying hens. This complete feed is formulated to meet all the nutritional needs of laying hens and pullets for egg production.

Provide to Poultry Free Choice. Always provide clean water. Always make sure that feed is free of mold and insects. When making changes to a poultry diet, do so gradually over a one-week period

This feed was designed for backyard and hobby flocks with average egg production. Calcium levels should be sufficient but if soft eggs shells are a regular occurrence, we recommend providing oyster shell free choice.
