Guaranteed Analysis

Crude Protein	(Min)	9.00	%
Crude Fat	(Min)	2.50	%
Crude Fiber	(Max)	3.00	%

Ingredients

Steel Cut Yellow Corn and Wheat.

Feeding Directions

This feed is to be provided to poultry as a grain scratch. This is not a complete feed and does not provide minerals and vitamins

Provide to Poultry Free Choice. Always provide clean water. Always make sure that feed is free of mold and insects. When making changes to a poultry diet, do so gradually over a one week period

This is a simple hen scratch to be used as a treat and as an additional source of energy for grown birds. Feeding scratch grains will encourage scratching and provides something healthy to peck. It does not have enough protein, vitamins or minerals to get satisfactory egg production and should be fed as a treat alongside a complete feed.
