# Let's hear what you have to say!

Now that some time has passed and we have settled down from the Benton Franklin Fair, we would like to hear any suggestion or comments to help make the "superintendent/paperwork process" easier.

If you were unhappy with something, how would you suggest we fix it? If you were happy with something let us know so we don't change it.

**This form does not have to be used. You may submit your comments any way you would like.**
