

-Creative Living:

Today's Creative Living story is from Barb Roper. Barb shares, "I have been entering Pantry items in the Creative Living Division for the past 10 years. I came to view the exhibits beginning in 2007 and knew that one of my favorite summer activities could be part of the fair. I have won a fair number of ribbons and two champion awards. I am now the Superintendent of this division.

These goodies are some of the items that I prepared for the Boulder County Fair Pantry...well not the bread, my family could hardly wait for it to come out of the oven...it was gone in about five minutes.

The home-canned items are things that I prepare every year. Each different product is a day's work. It is enjoyable for me. I love doing it for my family and sharing with the BCF."

Thank you for all of your hard work, Barb. Everything looks delicious!

Summer's Bounty
Canning is fun!

Bread from the oven!
Oh so good!
