

FIREFIGHTER COMBAT CHALLENGE®

Honoring First Responders "Stars Among Heroes"

Whether sponsoring or hosting the Firefighter Combat Challenge, businesses and communities reap enormous benefits by honoring America's First Responders in an exciting and family-friendly sports entertainment event as fire/rescue athletes compete in full view of an adoring public at downtown locations, parks, shopping malls, and state/county fairs around the country.

Competition with a Purpose

Simulating a number of highly demanding and critical firefighter skills – e.g., climbing a 5-story tower in full gear, performing a "victim rescue", hose drag, and forcible entry – the Firefighter Combat Challenge captures and celebrates the admirable spirit and fitness levels of American firefighters in an impressive competition – dubbed by ESPN as the "Toughest 2 Minutes in Sports" – as males, females, teams and individual competitors of all ages compete against each other and the clock to be the "Best of the Bravest"!

Media Magnet

A TV and social media powerhouse, the Combat Challenge is seen and applauded by tens of millions around the U.S. every year – providing its host and commercial sponsors with a highly efficient and cost-effective way to promote their organizational interest and demonstrate social responsibility while honoring and celebrating American public servants and local communities – all in support of public safety.
