

Our Creative Living submission today is from Cliff DeJong. Cliff says, "I am a member of the St. Vrain Photographic Society, and we had a field trip to a member's home near Lyons. Hummingbirds are notoriously difficult to photograph, and I tried about 500 times and this was my favorite image captured. Through the SVPS, I became interested in exhibiting and started to do so at the Fair in 2011. I have entered every year since then. You can find me on Facebook at <https://www.facebook.com/cliff.dejong> or visit my photography website at www.CliffDeJongPhotos.com.
