

This Creative Living project comes to us from local artist, Susan Steven. Susan says, "My name is Susan Steven and I have been a local artist for over 25 yrs. Most of that time, I have exhibited my artwork in the painting/sculpture section of the Boulder County Fair. I am also the President of the Longmont Artist Guild and our guild has been the Superintendent of the Painting & Sculpture Dept. 18 for the past few years.

This is such a great opportunity for us artists to share our art with our community! Thank you BCF! For this piece, I was inspired by my renewed love for kayaking - having kayaked on quiet lakes and rivers such as this one in the painting and even some very rough white water areas - what a thrill!" Thank you for your submission, Susan!
