

Susan shares, "I'm Susan Steven, a local professional artist and district art teacher, living in Boulder County for 25 years. I am president of the Longmont Artist Guild and in 2016 our guild became superintendent of the adult art/sculpture exhibit at the Boulder County Fair. I have entered my art and photography over the past ten years and have won several first-place awards as well as some grand champion awards.

This is a small 6x8" oil painting of a friend's property with trails behind it. After taking a photo of the area, I really wanted to paint it, adding an old cowboy with his dogs. I began with a sketch and after adding the oil paints, this is what I came up with."
