CALIFORNIA RODEO SALINAS

Carnival Safety

Each year, the California Rodeo Salinas partners with Brass Ring Amusements Midway of Fun to bring the Rodeo Carnival to Salinas. The Carnival is specifically focused on offering attractions that are suitable for the young and young at heart. Brass Ring Amusements Midway of Fun goes to great lengths to ensure that each and every one of its patrons has a safe experience at its carnivals. Specifically:

- After setting up at each location, attractions are inspected thoroughly by a set of trained managers with the aid of attraction-specific checklists that instruct the team on what to look for on each ride.
- After the internal inspections, each attraction is also inspected by a third party, which includes local municipal fire departments and the state ride inspection division.
- During the offseason, all equipment is maintained and refurbished as necessary for the upcoming season. Each year, Brass Ring Amusements' attractions are disassembled and rebuilt them from the ground up to keep them safe.

Beyond the attractions themselves, the California Rodeo Salinas, the Salinas Police Department, and Brass Ring Amusements work together to ensure the Carnival is a safe, fun, family-friendly event for people of all ages:

- All patrons are wanded or pass through metal detectors before entering the Carnival.
- The Salinas Police Department has a mobile command center set up onsite each day at the Carnival.
- Salinas PD officers patrol the grounds of the Carnival during all operating hours.
- The Rodeo's Officers, Security Director, and the Salinas PD officers discuss any and all issues on a daily basis.
- The parking lot is attended and managed by local youth sports organizations raising funds for their respective programs.

Brass Ring Amusements Midway of Fun is a family owned and operated carnival business which has served the California fair circuit since 1991. Get to know a little more about the organization:

- It is known for its integrity, honesty, safety, affordability, and customer service.
- It is a proud member of the Outdoor Amusement Business Association (OABA), Western Fairs Association (WFA), Showmen's League of America, Show Folks of America, Miami Showmen's Association, National Association of Amusement Ride Safety Officials (NAARSO), International Association of Fairs and Expositions (IAFE), and the International Festival And Events Association (IFEA).
- It contracts with 20+ different fairs and festival throughout California and is on the California Fair Service Authority (CFSA) Master List for carnivals.
- Its CEO, Harry Mason, has served on the board of trustees for multiple carnival and entertainment industry groups, and currently holds a NAARSO Level Two certification.
