September 25-October 4, 2015

St. Paul- MN June 26th, 2015-Blue Star Media, LLC today announces...

Discover the Dinosaurs, a hands on exhibit featuring animatronic and museum quality dinosaur replicas roars into Pioneer Hall at the Central Washington State Fair September 25th through October 4th.

Fair goers can experience dinosaurs of the Jurassic Period and prehistoric times when the 20 foot T-Rex, life size Triceratops, Allosaurus, and Stegosaurus come to life. Roaring dinosaurs fascinate kids of all ages in this touring exhibit, which showcases museum quality pieces along with moving animatronic dinosaurs in their natural environment. The exhibit is the first of its kind for fair goers and will bring favorite dinosaurs of the Jurassic Period directly to kids.

Kids and families are encouraged to get up close and touch some of the selected dinosaurs on display, especially the baby Velociraptor, an opportunity which isn't usually available in museum exhibits and other dinosaur events. This is the cornerstone of Discover the Dinosaurs.

Exhibit admission \$5.00 for adults, seniors, and children.

*Gem & Fossil Mining, Dinosaur Rides, and Face Painting are available for additional charge.

School age children love dinosaurs, and Discover the Dinosaurs engages the imaginations of kids to learn. The exhibit gives kids the hands on opportunity to touch a dinosaur and even ride on the back of a T-Rex. Additional activities & attractions make spending the day with dinosaurs fun for the entire family. Learn-Touch-Ride at Discover the Dinosaurs.
