Directions/Map

Marshfield Fairgrounds Park . . .

Camping

Vast space is available for camping, including 100+ sites with water/electric and over 500 spaces for primitive site camping. Restroom and shower facilities include 4+ locations for both men and women's restrooms, and ten (10) total showerheads. These camping areas will be designated by the Marshfield Fairgrounds Park, with assistance from the Wisconsin Trappers Association ("WTA"). A free dumping station is on site.

Inside Space

The Marshfield Fairgrounds Park offers 55+ acres of space. The buildings on these grounds accommodate over 300 dealer booths. Diagrams of the fairgrounds are included in the packet on the next two pages. All dealer space and demo area is covered, plus additional dealer space is available outside of buildings. Tables and chairs will be provided for 200-300 vendors. WTA volunteers will set up and clean up, and the fairgrounds will provide other janitorial duties. Public address systems will be available for events. The air-conditioned Fair Office Building will be made available for the WTA offices, if needed.

Outside Space

The 55 acres of fairgrounds offer hard surfaced and overflow grass parking, camping, and activity space. No other group will be present on the grounds during your event. There will be no parking fee. Golf carts/ATV and radios will be provided to make access and contact easier for your group. The Marshfield Convention Host Committee shall make arrangements with the City of Marshfield to close 17th Street between Peach Avenue and Vine Avenue to assist you in control of the grounds. The majority of the Fairgrounds is enclosed with a 6' chain link fence.
