02/23/2015

To Whom It May Concern,

The project at 401 St. George St. has been delayed for approximately eight months due to the planning process with the city of Gonzales and the owners. As of this date the plans have been approved. We have consulted with the City of Gonzales Electric Department as well as the City of Gonzales Water and Waste Water Department, and the City of Gonzales Code Enforcement Department and all have come to an agreement concerning the utilities. We are in hopes to have the project started within the next 60 days.

Thank You,

David Kardosz

**Subject:** [SPAM-Header] - Grant for 525 Saint Joseph

Thank you for your time and attention to this matter of the Grant I received for outside renovation of the building located at 525 Saint Joseph St. Due to the contractor's scheduling, we have been unable to begin the outside construction project. I am requesting an extension of time to begin that project, as the contractor indicates the job will not be started for approximately 90 days from today, giving a start date near Memorial Day in May 2015.

We have completed the electrical relocation project, however, and that paperwork and proof of payment will be forthcoming.

Thank you again,

Johnnie Edwards
