

New Yard Waste Collection Program

The City of Navasota Sanitation Department will be implementing changes to the city's curbside yard waste collection program.

Program changes will go into effect May 2, 2016.

Yard waste collection will now be offered as a demand service. If you have yard waste, call the Navasota City Hall at (936) 825-6475 Monday through Friday from 8a to 5pm to be scheduled for a pickup the following week. Residents may also submit a request for yard waste pickup by emailing yardwaste@navasotatx.gov

Guidelines for Yard Waste Collection:

- Yard waste pile must be no larger than ten (10 cy.) cubic yards, which is ten (10') foot in length by five (5') foot in width by five (5') foot high of material.
- Logs must be no larger than twelve (12") inches in diameter, and stumps will not be accepted.
- The cut ends of limbs should be facing the street in the same direction.
- Small amounts of brush, grass clippings or leaves may be placed in your Republic Services trash polycart.
- Please place yard waste near the edge of the street or curb. Do not place brush in the street, on a sidewalk, or in drainage ditches. Items will need to be kept four (4') feet away from parked cars, mailboxes, fire hydrants, utility poles or water meter/valve boxes.
- Please do not mix yard waste with other materials (such as litter, household garbage, bulky items, wood fencing, nails, plastic, metal, lumber, etc).
