GRIMES COUNTY TAX ABATEMENT AGREEMENT

AGREEMENT

This agreement is entered into by and between Grimes County, acting herein by and through its County Judge, hereinafter referred to as Taxing Unit, and \_\_\_\_\_ acting by and through its duly authorized officer, hereinafter referred to as Owner.

WITNESSETH:

The property to be the subject of this agreement shall be that property described by metes and bounds attached hereto as EXHIBIT A and made a part hereof and shall be hereinafter referred to as premises.

The owner shall make a minimum investment of \$\_\_\_\_\_ in eligible improvements and shall create permanent employment positions for an average of \_\_\_\_ persons and shall retain permanent employment positions for an average of \_\_\_\_ persons with a minimum total payroll of \$ \_\_\_\_\_. The estimated number of jobs that will be held by Grimes County residents is \_\_\_\_\_.

The Owner agrees and covenants that it will diligently and faithfully in a good and workmanlike manner pursue the completion and operation of improvements of the premises, described in Exhibit B, in accordance with information contained in the owner's application for abatement as a good and valuable consideration of this agreement. In further consideration, the Owner shall, thereafter, during the term of this agreement, limit the uses of the property to be consistent with the general purpose of encouraging development or redevelopment of the zone and continuously operate and maintain the premises as a facility for the \_\_\_\_\_.

Subject to the terms and conditions of the agreement, the Taxing Unit agrees to abate ad valorem taxes from eligible property on the premises otherwise owed to the Taxing Unit for a period of \_\_\_\_\_ years with an effective commencement date of January 1, \_\_\_\_\_, and an effective termination date of December 31, \_\_\_\_\_, based on the percentages of appraised value for each year as described in Exhibit C.

The base year value shall be the sum of (1) the assessed value of eligible property as listed on the appraisal roll of the county for tax year \_\_\_\_\_ in the amount of \$\_\_\_\_\_ plus (2) the agreed upon value of eligible property improvements made after January 1 but before the date the agreement is executed in the amount of \$\_\_\_\_\_ for a total base year value of \$\_\_\_\_\_.

The base number of employees shall be \_\_\_\_\_.

At any time before the expiration of this agreement, the agreement may be modified by the parties to the agreement to include other provisions that could have been included in the original agreement or to delete provisions that were not necessary to the original agreement. The modification must be made by the same procedure by which the original agreement was approved and executed. The original agreement may not be modified to extend beyond 10 years from the date of the original agreement. This agreement may be terminated by the mutual consent of the parties in the same manner that the agreement was approved and executed.

The abatement may be transferred and assigned by the holder to a successor or lessee of the same facility upon the approval, by ORDER, of the Commissioner's Court subject to the financial capacity

of the assignee and provided that all conditions and obligations in this agreement are guaranteed by the execution of a new contractual agreement with the taxing unit. No assignment or transfer shall be approved if the parties to the existing agreement, the successor, or new lessee are liable to the taxing unit for outstanding taxes or other obligations.

The Owner further agrees that the Taxing Unit, its agents or employees, and the appraisal district and its agent or employees, shall have reasonable right of access to the premises to inspect the improvements in order to insure that the improvements are being made according to specifications and conditions of this agreement. After completion of the improvements, the Taxing Unit and the appraisal district shall have the continuing right to inspect the premises to insure that the premises are thereafter maintained and operated in accordance with this agreement. All inspections will be made with an employee or representative of the owner who is knowledgeable of the operations of the facility. All inspections will be made during regular business hours only after giving the owner at least twenty-four hours notice, and will be conducted in such a manner as not to unreasonably interfere with the operation of the facility and in accordance with the company's safety standards.

The Owner shall furnish to the appraisal district and/or its designated representatives in accordance with provisions of the Texas Property Tax Code each year's information, as required by the chief appraiser, necessary to accurately identify and value the assets subject to the abatement agreement as well as those assets that are not subject to this agreement.

The Owner further agrees to certify annually to the Commissioners Court of Grimes County that the Owner is in compliance with each applicable term of this agreement and to furnish the following information as an attachment to its annual application for property tax abatement exemption: the total number of employees as of December 31<sup>st</sup> of the preceding year, the estimated percentage of the total number of employees as of December 31<sup>st</sup> of the preceding year who are Grimes County residents, and the estimated annual payroll for the preceding year.

The Taxing Unit shall declare a default in the event of any of the following:

- (a) The Owner fails to substantially complete the improvements or facility in accordance with plans and specifications submitted; or
- (b) The facility is completed and begins producing products or services, but subsequently discontinues product or service for any reason except fire, explosion, or other casualty, accident or natural disaster for a period of 180 consecutive days during the abatement period; or
- (c) The Owner makes any misrepresentation in the tax abatement package or in the agreement that is false or misleading in any material respect; or
- (d) The Owner fails to retain or create employment for the number of employees specified in the agreement; or
- (e) The Owner fails to make the minimum required investment; or
- (f) The Owner allows its ad valorem taxes owed the county or overlapping jurisdictions to become delinquent; or
- (g) The Owner fails to provide the county's designated representatives or the appraisal district's designated representatives access to the facility, or fails to provide an employee or company representative to accompany the county's designated representative during inspection of the facility, or fails to comply with the rendition and reporting requirements of the Texas Tax Code or fails to provide each year the accounting, financial, or asset

information necessary for the identification and appraisal of the property subject to the abatement; or

(h) The Owner violates any of the terms and conditions contained in the agreement.

In the event the Taxing Unit declares a default, the Taxing Unit shall notify the Owner of the default in writing, certified mail return receipt requested, and if such default is not cured within 60 days from the date such notice is delivered, the agreement and abatement shall be terminated; provided however, that in the case of a default that for causes beyond the Owner's reasonable control, cannot with reasonable due diligence be cured within the 60 day period, the cure period may be extended if the Owner shall within 10 days of receipt of the notice of default (1) advise the Taxing Unit of the Owner's intention to institute all steps necessary to cure such default; and (2) shall institute and complete with reasonable dispatch all steps necessary to cure such default.

If the facility is completed and begins producing product or service, but subsequently discontinues producing product or service for any reason except for fire, explosion, or other casualty, accident, or natural disaster for a period of 180 consecutive days during the abatement period, then the agreement shall terminate and so shall the abatement of the taxes for the calendar year during which the facility no longer produces for the 180<sup>th</sup> consecutive day. The taxes abated for that calendar year shall be paid to the County prior to the delinquency date for that year. Furthermore, all ad valorem taxes which would have been levied by the County for all calendar years prior to the year in which the facility no longer produced for the 180<sup>th</sup> consecutive day, but for the abatement and all penalties and interest on the recaptured tax amount, as authorized by law, will become a debt to the taxing unit and shall become due and payable to the County within 60 days of the date the notice of default is delivered.

If the company or individual is in default according to the terms and conditions of its agreement during the abatement period for any reason other than that described in the preceding paragraph, the agreement shall terminate and so shall the abatement of taxes for the calendar year during which the default occurred. The taxes abated for that calendar year shall be paid to the County prior to the delinquency date for that year. Furthermore, all ad valorem taxes which would have been levied by the County for all calendar years prior to the year in which the default occurred but for the abatement and all penalties and interest on the recaptured tax amount, as authorized by law, will become a debt to the taxing unit and shall become due and payable to the County within 60 days of the date of the notice of default is delivered.

It is understood and agreed between the parties that the owner, in performing its obligations hereunder, is acting independently, and the Taxing Unit assumes no responsibilities or liabilities in connection therewith to third parties. The Owner further agrees to hold the Taxing Unit harmless and indemnify and defend the Taxing Unit from any and all kinds of claims, losses, damages, injuries, suits or judgments in involving the Taxing Unit relating to such improvements.

TAX ABATEMENT GUIDELINES AND CRITERIA FOR GRIMES COUNTY

ADOPTED DECEMBER 10, 2007

EFFECTIVE FOR JANUARY 1, 2008 THRU DECEMBER 31, 2009

## EXECUTIVE SUMMARY

### GRIMES COUNTY TAX ABATEMENT GUIDELINES AND CRITERIA

#### GENERAL

Under Texas law, counties that wish to participate in tax abatement programs are required to establish guidelines and criteria before doing so. The attached guidelines and criteria are effective for the period January 1, 2008 thru December 31, 2009. This summary sets forth the basic policy and procedural issues that are detailed in the guidelines and criteria.

#### MINIMUM REQUIREMENTS

1. Only new buildings and structures and new fixed machinery and equipment with economic lives of at least 15 years are eligible for abatement. Items such as inventories, vehicles, and moveable personal property are ineligible for abatement.
2. A minimum investment of \$5,000,000 in eligible property is required.
3. A minimum of 15 permanent full time positions must be added or retained with at least 50% of the new or retained positions being held by Grimes County residents. Employee numbers will be considered in conjunction with the total annual payroll that the project is expected to generate and the median annual wage for the area as posted by the Texas Workforce Commission.

#### TERM AND VALUE

The maximum term of abatement permitted by state law is 10 years. However, the county prefers and encourages abatements of a shorter period, generally five years on the following schedule: Year 1, 90-100%; Year 2, 70-80%; Year 3, 50-60%; Year 4, 30-40%; and Year 5, 10-20%. The term of abatement and the amount of value abated each year of the term may vary depending on the overall nature and character of the proposed project.

#### PROCEDURE

1. The applicant submits an application package and \$1,000 non refundable application fee and an abatement review and advisory committee reviews the application package.
2. The county conducts a public hearing concerning designation of an area as a reinvestment zone and approval of tax abatement application and agreement.
3. The county approves or denies the request for reinvestment zone and tax abatement as an agenda item at a regular meeting of the Commissioner's Court. If approved, a written agreement between the county and the property owner is executed. The project is monitored for compliance during the term of the agreement and is subject to default, cancellation, and recapture provisions.

GUIDELINES AND CRITERIA FOR GRANTING TAX ABATEMENT IN A REINVESTMENT ZONE CREATED IN  
GRIMES COUNTY

Whereas, the creation and retention of job opportunities that bring new wealth is one of the highest civic priorities; and

Whereas, new jobs and investment will benefit the area economy, provide needed opportunities, strengthen the real estate market and generate tax revenue to support local services; and

Whereas, the communities within Grimes County must compete with other localities across the nation currently offering tax inducements to attract jobs and investments; and

Whereas, any tax incentives offered in Grimes County would reduce needed tax revenue unless strictly limited in application to those new and existing industries that bring new wealth to the community; and

Whereas, any tax incentives should not be used to attract those industries that have demonstrated a lack of commitment to protecting our environment, but should be used to encourage projects designed to protect our environment; and

Whereas, the abatement of property taxes, when offered to attract primary jobs in industries which bring in money from outside a community instead of merely re-circulating dollars within a community, has been shown to be an effective method of enhancing and diversifying an area's economy; and

Whereas, Texas law requires any eligible taxing jurisdiction to establish Guidelines and Criteria as to eligibility for tax abatement agreements prior to granting any tax abatement, said Guidelines and Criteria to be unchanged for a two year period unless amended by a three-quarters vote; and

Whereas, to assure a common, coordinated effort to promote our economic development, any such guidelines and criteria should be adopted by the Commissioners Court of Grimes County;

Now, therefore, be it resolved that the Commissioners Court of Grimes County does hereby adopt these Guidelines and Criteria for granting tax abatement in reinvestment zones in Grimes County for the period January 1, 2008 thru December 31, 2009.
