- The Judges may open any jar for inspection. However, if other visible characteristics of product eliminate the product from consideration or award, the Judge is not obligated to open for further evaluation.
- Jellies should retain their natural color, be transparent and cut easily, yet hold their shape. Jams and Preserves should contain pieces that are firm, with clear, thick syrup. Butters (fruit that has been pressed through a sieve) should be of a standard size.
- All jams and jellies should have a ¼" headspace.
- Freezer jams are not allowed.
- Do not put your name on canned goods.
- All products must be processed according to recognized canning methods, (ie: KerrBall, OSU Extension Service Bulletin (including jams and jellies)).
- Grange members should identify what grange they represent when filling out their entry form. Points will count towards All-Around high Point Grange Plaque.
