

Dear Community Member,

We are so excited to have our Junior Livestock Show and Auction back this year. We are once again looking forward to supporting our youth in their endeavors through their 4-H, FFA, Grange and Independent animal science projects.

The Junior Livestock program would like to offer you the opportunity to help our youth in their pursuit of bettering themselves and their community. Your sponsorship of this program helps fund not only our annual livestock show, but also helps fund improvements to the livestock show and auction area. All levels of sponsorship not only increase the visibility of your business, but they demonstrate to community members that you value and support the enhancement of our youth through animal science and agricultural projects.
