Price Range: \$500 - \$600

Description: **Guest Speaker.** Display, Presentation and Firing Demonstration of a Gatling Gun. Display, an exact replica fully functional full-scale Model 1874 10-barrel .45-70 caliber Gatling gun on a tripod is displayed with living history interpretation. Presentation: An informational presentation in "first person" will be made on the type, caliber, weight, size, rate of fire, range, accuracy, ammunition, carriage, tripod, oscillator, cartridge feeding system, and mechanical operation of the Gatling Gun; why the U.S. Army adopted the gun; how the gun was used in Civil War and Indian War battles; and how the gun was operated by soldiers. Firing Demonstrations: A firing demonstration of the Gatling Gun will be made with live blank cartridges. The gun can fire up to 60 rounds per minute. As a soldier turns the crank on the gun, the gun's cluster of ten barrels rotates and cartridges will be automatically cycled through the unique feeding, firing, and ejecting sequence. As the gun is fired, the activity of the event comes alive with excitement. People will hear the abrupt, rapid, loud report of gunfire, see smoke and fumes burst out of barrels, and smell burnt gunpowder. The people will be entertained and receive a rare educational experience of a vivid close-up, personalized firing demonstration of the gun's devastating firepower that makes a lasting impression of their event.
