Special Requests related to Scheduling:

Efforts will be made to honor these if received in advance and if they do not create undue hardship on other participants.

A copy of the script of the play you are presenting, with lighting and sound notes must be submitted by the designated deadline on the Drama Festival Timeline. You must register ALL students on the Student Registration Form by the deadline, including cast, crew, and understudies. Provide all information, especially the role of the student in the Category field of the Student Registration Form. Providing a listing or Play Bill of the Cast is NOT sufficient information for registering students and will NOT be accepted as such.

I approve of the selection of the play to be presented in the One Act Play Festival.
