

## **FESTIVAL GROUNDS AND OPEN AREAS**

**(These spaces are outdoors)**

*Prices for Fiscal Year 2020-2021, July of 2020 through June 2021*

The "Festival Grounds", during the Fair, is where we have the carnival rides and the big concerts, however due to a placement of some trees, and a curve along a drive to a gate, when planning a possible event in this area, it's best to visit the venue and do some measuring to see if it can accommodate your plans, and our staff is happy to help you with this. Depending on your plans and electrical needs, Power is available on the South side of this area. We will provide a total of 6 Portable Restroom units for you in this area: 2 that are ADA Compliant, and 4 regular units, and we will also provide hand-washing stations.

We have small general lawn areas that can be used for \$349 per Event Day, 2 larger spaces that can each be used for \$698 per Event Day, or an even larger space for \$1,700 per Event Day. It depends on the nature of what you are planning and what else we have going on at the facility at the time, as to what type of space will have the best potential for you.
