

When attending a meeting at the Stock Show office, it is important to remember to park in the Amon G. Carter, Jr. Exhibits Hall buildings Carter Garage. This underground garage must be entered off of Lancaster Street (see map above). There may be a parking attendant on duty at this entry point. Please stop and take a parking ticket from either the attendant or dispensing machine and proceed into the garage beneath the exhibits hall. Before leaving the Stock Show office, please verify that you receive your "chaser" ticket for parking.

**To exit:** Please insert the original parking ticket, then follow with the "chaser" ticket received from Stock Show so you will not be charged for parking.
