Health & Safety Update

As you know, the COVID-19 health crisis has altered each and every one of our lives in one way or another. One thing that is consistent is that we are all in this together – and we will get through it together!

We are actively working on the 2020 Big Fresno Fair, which will run October 7 – 18! We firmly believe that if we all follow the advice of our health officials to do our part to help “flatten the curve” and slow the spread by practicing social distancing and staying home, it put us in a very different situation by late summer!

The health and safety of our Fair staff and community is of the utmost importance. So here is what we are doing:

- ✓ Closely monitoring and reviewing information related to flu season and COVID-19.
- ✓ Staying in constant contact with our local and state government entities and health officials.
- ✓ Keeping each one of you informed through our website (www.FresnoFair.com/covid-19), Big Fair Fan Club email newsletter and social media handles.
- ✓ Planning ahead for heightened cleaning and sanitization procedures for the 2020 Big Fresno Fair that align with CDC guidelines, along with other recommended proactive measures.

So don't wait! Start on those competitive exhibit entries so you can be part of the 2020 Big Fresno Fair, as we showcase the very best of our community and come together for this longstanding annual tradition!

We look forward to seeing you all in October. In the meantime, do your part to “flatten the curve” and keep yourself and your family happy, healthy and hopeful!

Sincerely,

Big Fresno Fair Management

OFFICE OF THE GOVERNOR

California Agriculture Fair Season

On behalf of the State of California, it is my pleasure to welcome you to the 2020 fair season.

When we talk about building a California For All, our network of fairs provides an excellent example. Fairs serve communities throughout our great state, and they showcase the breadth of our diversity, inclusivity and innovation.

California's fairs introduce our children to a wondrous agricultural bounty - a point of pride for the Golden State. The livestock competitions, educational exhibits, exhilarating carnival rides, live performances, entertainment, and offerings from local vendors featured at our fairs highlight California's cultural heritage.

As exhibitors, the fair provides you with the opportunity to showcase your hard work and commitment. Through your exhibits, the community learns more about California and its agriculture and values.

Thank you for your support, participation, and for playing a vital role in California's agricultural community.

Sincerely,

GAVIN NEWSOM
Governor of the State of California

CALIFORNIA DEPARTMENT OF
FOOD & AGRICULTURE

Karen Ross, Secretary

December 16, 2019

We can take pride in the fact that California fairs are world leaders in providing educational and competitive exhibits that showcase local communities and their talents, as well as providing a venue for all cultures and lifestyles to promote diversity within the community.

California fairs encourage their communities to learn more about the bounty of California agriculture. They foster the reconnection of consumers to the land and to the people who produce their food.

Fairs are a tradition for families and communities to come together to create lasting memories. However, our fairgrounds are much more than just a place to celebrate. We cannot overlook the events that take place at our fairgrounds throughout the year; from crab feeds to weddings and, as needed during emergency situations, fire camps and evacuation centers.

As we look ahead to the year 2020, I would like to express my appreciation for all fairground's staff, volunteers, and others who share a commitment to serve their local communities. Thank you all very much. Your support of California fairgrounds is invaluable.

Yours truly,

Karen Ross
Secretary

Limits

- Trees too large or heavy to fit on a 30" table or built-in shelving will not be accepted for display.

GENERAL INFORMATION

This marks the 29th year that The Gem and Mineral Department will be sponsored by the Big Fresno Fair. This department is intended to display the works associated with the Gem and Mineral hobby and includes exhibits from prospectors, lapidaries, mineral collectors, rock hounds, fossil collectors, metal smiths and jewelers.

The Gem & Mineral Department's goal is to create an exhibit reflecting the talent and artistry of the state. Competition builds quality, improving exhibitors' skills and igniting his or her personal satisfaction, while recognizing the Club's endless support.

A successful Gem & Mineral exhibit will depend on exhibitors' cooperation, assistance, and willingness to share knowledge and talents with over a half million fair visitors.

Locked cases will be provided for exhibits. On-going demonstrations will occur daily throughout the fair.

Please share this information with your clubs and friends to encourage them to join you in exhibiting. For further information and additional entry forms, please contact the Exhibit Office at (559) 453-6890 or at 1121 S. Chance Ave, Fresno, CA 93702. All entry forms must be completely filled out and mailed to address above by September 11th or enter on line at www.fresnofair.com by September 14th.

RULES & REGULATIONS

Residence Open to all California residents.

Rules A.F.M.S & C.F.M.S. rules apply for Competitive Exhibition.

Non-Competitive Eligibility Non-Competitive entries are open to clubs, classes, individuals, & families. Clubs, dealers and professionals are especially invited. Please specify on entry form if entry is a non-competitive exhibit, the type of display, and any special needs.

All Competitive Exhibitors "Exhibitor" is understood to mean either an individual or family, or group whose names shall be listed on the entry form. All work shall be personally done by exhibitor.

Open Division Qualifications (Adult) Professionals, advanced collectors and those highly skilled in lapidary may ONLY exhibit in the open division. This also includes any exhibitors and/or immediate members of their households, who regularly buy, sell or advertise for sale, mineral specimens, gem material, custom lapidary or silver work, and those who receive pay regularly for teaching lapidary or jewelry.

Amateur Division (Adult): This division is provided for the non-professional hobbyist only.

Adults Juniors may not enter any adult divisions. The adult scorecards will also apply to the juniors.

Junior Division Please read all rules for the junior department on page 56 before completing an entry form. Junior exhibitors may enter any class they are eligible for.

Double Entering No exhibitor may enter both the Amateur and Open Divisions.

Previous Awards Any exhibitors who have been awarded 2 first place ribbons in the same class may not enter that class for a third time. Novice must move to Amateur Division and Amateur must move to the Open division. After winning (2) blue ribbons in the Open division the Exhibitor may not enter the same class for the third time.

Claim Checks Claim checks will be furnished when exhibits are delivered to the building.

Display Entries selected for exhibit must remain on display for the duration of the Fair. All exhibits MUST be left in place in the exact arrangements in which they were set up for the duration of the Fair.

Exhibit Released Exhibits are only to be removed upon presentation of claim check. At that time a gate release will be furnished to the exhibitor, which authorizes the exhibit to be removed upon presentation of claim check. The Fair is not responsible for exhibits left after 6PM on Monday, October 19, 2020.

Collective Entries Any or all members of a family living under one roof may compete individually or collectively. Any individual contributing to a collective family exhibit is ineligible to enter the same class as an individual exhibitor. Members of a family may also enter as individuals in other classes. A family member wishing to enter as an individual must submit a separate entry form.

Membership Current member in the California Federation of Mineralogical Society or any local Mineralogical Society is not a requirement for entry in this Department.

Clubs are NOT eligible in competitive classes.

Out of Class Specimens Lapidary in mineral exhibits, mineral in lapidary exhibits, and synthetic in mineral exhibits shall be considered out of class specimens and will be penalized in scoring.

Spraying/Coating Lapidary exhibits which have been sprayed or otherwise coated will not be judged. This rule does not apply to "doublets" or "triplets". However, such material must be properly labeled.

Labeling Name tags, initials, symbols, and club affiliations may appear in competitive exhibits provided they are face down during judging. Any identifying sign shall cause DISQUALIFICATION if not covered. Important: Names of all exhibitors showing in case(s) must be listed on entry form.

Labels should include the following information:

- Identification of mineral.
- Identification of associated minerals where significant. This applies to mineral classes only.
- Locality, as complete as possible.

Managements' Rights Management reserves the right to limit the amount of cases and space to exhibitors, and has the final decision on the placement of the cases.

Cases Needed Exhibitor must indicate on entry form the total number of cases needed. For special display problems, write a separate letter to the Superintendent of the Gem and Mineral Department.

Original Work All lapidary work must be the work of the exhibitor. All specimens must be the property of the exhibitor.

Disqualification Refusal to comply with the rules or any unethical conduct displayed may result in disqualification. Objections to the rules are not to be considered justification for complaint, but where an apparent error in evaluation or interpretations has been made, appeal may be made to Supervisor. Any protest must be made in accordance with State Rules.

Judging All entries will be judged using the American System of Judging. Entries will be judged on merit. Minimum Merit Point Scores are:

- Master Faceter 90 points
- Open Division 80 points
- Amateur Division 70 points
- Novice & Junior Division 60 points

Cash award will be given to exhibitors with the highest scores, above the division minimum. If score is below minimum merit points, it will be considered as insufficient merit. No award or ribbon given.

Cases All entries shall occupy one full case in accordance with class rules. Single entries will be displayed with other single entries in special display cases. Alterations to the basic construction of the cases are not permitted. Exhibitors are encouraged to use their own case if they have one.

Locked Cases Locked cases are available and will be assigned to exhibitors.

Case Liners All display cases should be lined by exhibitors. No sand or gravel allowed. Inside dimensions are very tight. Liners should be slightly smaller to avoid problems. Don't forget to allow for overlap of liner pieces. First liner piece inside case should be back, then bottom piece and sides last. The exhibitor should be aware that dimensions may vary slightly from case to case.

Case Dimensions

Kent Cast (Federation)
20 ½" x 20" x 22" x 45"

JUDGES' GUIDELINES

Judging Panel: Qualified members of The California Federation of Mineralogical Societies and/or people from colleges and professional schools are chosen to be on the judging panel.

Labeling: Labels will be judged on correctness of identification, spelling, and legibility. Accuracy and spelling of mineral, species and locality will also be factors. Neatness, size of label, etc. will be considered under showmanship. Labeling should be aimed at the general public. Pink Tourmaline is as acceptable as Tourmaline or Rubellite. All other things being equal, the labels with the most complete locality shall receive a higher score for labeling. This applies for both lapidary minerals and fossils. See other label requirements under general rules.

Showmanship: Shall refer to the ability of the exhibitor to use material exhibited, background, lighting, arrangements, neatness, and labeling to create an attractive and interesting display.

Quality of Material: Quality of material refers to the following properties: Color, crystal arrangement, color pattern, texture, and brilliance, freedom from flaws, cracks, and foreign material.

Rarity: Rarity refers to the rarity of occurrence of the mineral, of mineral association, or crystal form or habit.

Orientation: The proper position and angular presentation of the specimen on its mount so that the central point of interest may be observed without further movement of the mount.

Workmanship: this refers to the shaping, polishing, symmetry, and general precision of the exhibited material. The ability to work in a wider variety and hardness of material will receive a relatively higher score.

Variety of Work: Judging will be based on the variety of work exhibited. Cabochon, flats, faceted stones, transparencies, spheres, composite carvings and novelties shall be considered as different varieties. Variety of work in jewelry and metalwork shall be based on variety of techniques and surface finishes.

Originality of Design Use of new designs as well as the ability to use old ideas for unique design.

Variety of Material Life formative units, locations worldwide, replacing material. Use of diverse kinds of material, colors, differing ranges hardness.

Reference List A list of references is required to obtain the scientific name for each specimen. This list may cite publications, institutions or individuals used as the authority for this identification.

Variety of Exceptional or Unusual Forms of Association This includes physical features, minerals present, etc.

Overall In every class all other things being equal, the exhibit which in the opinion of the judges, carries the most interest to the general public, shall receive the higher score.
