

THE FFA ORGANIZATION

The National FFA Organization is dedicated to making a positive difference in the lives of students by developing their potential for premier leadership, personal growth, and career success through agricultural education. FFA uses agricultural education to create real world success.

FFA is a national organization of students enrolled in agricultural education in 50 states, Puerto Rico, the Virgin Islands and the District of Columbia. Organized in November 1928, FFA is an integral part of the curriculum in agricultural education departments in the public schools. All students in these programs are to receive instruction in personal leadership, growth and development which can best be achieved through FFA.

Through active participation in FFA, members learn by taking part in and conducting meetings, speaking in public, participating in contests based on occupational skills, earning awards and recognition and becoming involved in cooperative efforts and community improvement. FFA offers opportunities for becoming productive citizens in our democracy.

FFA members believe in leadership, citizenship and patriotism. They believe in free enterprise - freedom under the law - in making their homes, schools and communities better places in which to live and work.

Each state association is charged with the development of the FFA leadership program within the state, operating contests and award programs at the state level, and issuing chapter charters.

FFA RULES

ALL EXHIBITORS ARE REQUIRED TO READ AND ABIDE BY THE GEORGIA NATIONAL FAIR GENERAL RULES AND REGULATIONS. PLEASE NOTE: IT IS YOUR RESPONSIBILITY TO READ AND UNDERSTAND THE RULES. IF YOU HAVE QUESTIONS, YOU MAY CERTAINLY EMAIL US AT [CONTESTS@GNFA.COM](mailto:contests@gnfa.com). PLEASE HELP US PREVENT ENTRY DISQUALIFICATIONS.

1. Open to all bona fide FFA members in the state of Georgia. Entries may be made as individuals or teams of two, but must be submitted through the club advisor. Projects completed by more than two students must be entered as Chapter projects.
2. Students who graduated last year are eligible to enter work completed in their senior year. Exceptions: Dendrology Notebooks and any contest requiring the student's presence at the Fair.
3. All projects **worthy** of a ribbon will be placed in either the "Blue Ribbon", "Red Ribbon" or "White Ribbon" group when judged.
4. Please check each section for points assigned, for Champion and Reserve Champion awards and for Superior Chapter award information. Champion and Reserve Champion, where offered, will be chosen from blue ribbon winners only.
5. Premiums will be offered in all classes and will be paid on the basis of a point system (see sections for points available) and the money available. The standard premium will be 10 cents per point which is paid to the exhibitor.

GRAND CHAMPION FFA CHAPTER \$750

The six Chapters placing in either Superior Champion or Reserve Superior Champion from the three divisions of FFA (Ag Mechanics, Horticulture and Forestry) will be eligible to compete for the Grand Champion FFA Chapter. The chapter accumulating the most eligible points will be declared the Grand Champion Chapter.

- 1. ALL EXHIBITORS ARE REQUIRED TO READ AND ABIDE BY THE GEORGIA NATIONAL FAIR GENERAL RULES AND REGULATIONS. PLEASE NOTE: IT IS YOUR RESPONSIBILITY TO READ AND UNDERSTAND THE RULES. IF YOU HAVE QUESTIONS, YOU MAY CERTAINLY EMAIL US AT CONTESTS@GNFA.COM. PLEASE HELP US PREVENT ENTRY DISQUALIFICATIONS.**
- 2. A TEACHER/ADVISOR/AGENT MUST BE PRESENT FOR DELIVERY AND PICKUP OF EXHIBITS.**
- 3. Exhibitors must be preregistered through the Georgia National Fair online entry system. Online entries must be received by September 19, 2018. Advisors must call 800-987-3247, ext. 555 or email contests@gnfa.com to obtain required password, by Sept. 17, 2018. Password is required to register. Late entries will not be processed. No substitution of students' name allowed.**
- All projects must be completed, although accessories needed to make the exhibit functional are not necessary; i.e., hydraulic jack for a press.
- Articles exhibited must have been constructed by FFA members either as a part of their agricultural mechanics instruction in agricultural education or as a part of their supervised agricultural experience program.
- No chapter may enter more than three of the same mechanics project.** EXAMPLE - a chapter may not enter 4 gun racks, 4 picnic tables, etc.
- An article may be shown only once at the Georgia National Fair unless extensively modified. Article does not have to be constructed during the year it is exhibited.
- All articles must be painted or properly treated, such as feeders, etc. All articles must be clean and in a presentable condition even though they may have been used. Articles designed to be hung must have hanging method attached (wire, bracket, etc.).
- If there is a question as to the proper category in which an article must be placed, please consult with the area teacher before preregistration.**
- Scale model projects must represent off-site projects and must be fully documented with scaled plans, blueprints, work log, photographs, videotapes, etc.
- Entries will be judged on the basis of workmanship, finish, design, strength, usefulness and suitability.
- If a project is entered in the wrong division, it may be judged for a ribbon place, but will not be eligible for a Grand Champion or Reserve Champion ribbon. NOTE: Judges will make final determination of proper classification.

Agricultural Mechanics Entry Guidelines

SMALL - Projects that measure less than 3' in height, length or width will be classified as a small project.

MEDIUM - Projects that measure 3'1" to 6' in height, length or width will be classified as a medium project.

LARGE - Projects that measure 6'1" or larger will be classified as a large project.

GEORGIA NATIONAL FAIR SUPERIOR FFA MECHANICS CHAPTER

1ST Place - Superior FFA Mechanics Chapter - \$500
2ND Place - Reserve Superior FFA Mechanics Chapter - \$250

The FFA Chapter accumulating the most points from their 15 best projects (which must be 5 large, 5 medium, 5 small projects) in the Agricultural Mechanics Department will be the Georgia National Fair Superior FFA Mechanics Chapter. Projects may come from Reconditioned or Built Projects or a combination of both. The winning chapter will receive \$500 and a plaque. A tie will be broken by the judges based on their ranking of the 15 best projects from each chapter in regard to workmanship, finish, design, strength, usefulness and suitability. A ranking (1 to 10, with 10 being best) will be assigned to each of the 15 projects. The chapter with the most points for the 15 projects will be the winner. The second place chapter will receive \$250 and a Georgia National Fair Reserve Superior FFA Mechanics Chapter plaque.

Tips From Past Judges

1. Project drawing must be drawn to scale, with all dimensions given. A complete list of materials used to build the project and the cost of materials must be included. The drawing may be a hand drawing or computer drawn. Please do not use a photo plan from a book.
2. Reconditioned Projects must have pictures to show judges the work done on the project and a complete list of materials or parts used to restore the project.
3. Judges evaluate the quality of workmanship on each project. They look at the degree of accuracy of the cuts, how the project is assembled, project preparation for finishing and the finished project.

478-825-6262

THIS IS A TWO PERSON TEAM EVENT AND MUST BE ENTERED USING THE NAMES OF BOTH INDIVIDUALS (ex. "Bobby Smith" in the First Name field; "& Jane Doe" in the Last Name field).

WHEN: Tuesday, October 9

CHECK-IN: 9:00 AM during the FFA Day at the Fair

WHERE: Bring tractors to the South Porch of the Miller-Murphy-Howard Building

DIVISION 30903 - JUNIOR MINITRACTOR PULL (MIDDLE SCHOOL, GRADES 7-9)

DIVISION 30904 - SENIOR MINITRACTOR PULL (HIGH SCHOOL, GRADES 10-12)

CLASS**1 Minitractor Pull****CONTEST RULES**

1. The Tractor Pull Contest is open to FFA members who have Agriscience as part of their curriculum. Each school and members are encouraged to have other displays in the Agricultural Mechanics Department (reconditioned projects and built projects).
2. Each school may enter up to five teams. A team will consist of two members. If a school does not have a complete team, a member may participate as an individual.
3. At least one mini tractor kit must be purchased every year from Fort Valley State University Collegiate FFA in order to compete. Contact Dr. Curtis Borne at 478-825-6882.
4. Each tractor kit must have 2 small wheels in front and 2 large wheels in back which are provided in the kit you buy from Collegiate FFA. No other wheels are allowed.
5. Do not cut off the tops of the tractors. This will result in immediate disqualification.
6. All tractors must use the motors provided in the kit you purchased. Absolutely no other motors may be used.
7. The motors must be visible under the straps provided. Do not cover the motor compartment.
8. Mini tractors must be six inches to eight inches long, one and three-fourths inches to three inches wide and must weigh more than 12 ozs. (or 340 grams).
9. Scoring will be the same for junior and senior teams based on:

A. Appearance Score judging criteria:

25 pts	Dimensions 6" - 8" long and 1 3/4" - 3" wide
25 pts	Tractor weight not less than 12 ounces or 340 grams
5 pts	Neatness of electrical connections
20 pts	Paint Job
25 pts	Overall appearance

B. Tractor Pull Contest Possible Score

10 pts	Weight of Tractor
10 pts	Plus 180 grams (wagon)
10 pts	Plus 450 grams
10 pts	Plus 720 grams
10 pts	Plus 990 grams
10 pts	Plus 1260 grams

The pulling ability will be judged by adding weights to a wagon weighing 180 grams pulled by the minitractor. The minitractor must pull each additional weight added to the wagon a distance of at least one meter.

(Continued on next page)

MINITRACTOR PULL CONTEST (CONTINUED)

10. Points will be added to appearance score for each weight pulled to determine the champion and reserve champion in each division.

11. The Mini tractors will remain on display in Heritage Hall until the end of the Fair. GA. National Fair and Collegiate FFA are not responsible for lost mini tractors when they are released from the Ga. National Fair. Teachers are responsible for making sure they pick up their students tractors. Make sure you do not accidentally pick another teacher's tractors.

THIS IS A CHAPTER EVENT AND MUST BE ENTERED IN THE CLUB NAME (enter School Name in the "First Name" field and Organization Type in the "Last Name" field. Example: First Name "Best High School" and Last Name "FFA").

DIVISION 32101 FORESTRY CHAPTER DISPLAYS

Theme: "Learning from Georgia Forests"

Ribbon Value

Blue	700 points	* Champion \$300 & rosette
Red	500 points	* Reserve Champion \$200 & rosette
White	300 points	
HM	No points	

1. PURPOSE:

A. To encourage teachers and students in Agricultural Education to display the importance of forestry and natural resources education in our schools to the general public.

B. To educate and enlighten the public as to what is being taught to students in Agricultural Education.

2. The exhibit must be an example of the school's instructional program in forestry and natural resources. It must also tell the story of how the school is meeting the needs of the students in forestry education. **One** entry allowed per school. **Exhibits from previous years may not be entered again for competition.**

3. **JUDGING:** The following scorecard will be used in judging these exhibits.

A. Adherence to theme - 15 pts. The theme is the subject around which the exhibit is developed or the main idea the exhibit is to convey. This year's theme is **"Learning from Georgia Forests"**

B. Quality - 15 pts. Quality refers to the characteristics of the exhibit based on workmanship as well as materials, objects and products used.

C. General Appearance or Attractiveness - 15 pts. The general appearance of an exhibit must be neat and eye-catching. It must have balance and harmony. The combination of form and color must make a good impression.

D. Informational Education Value - 40 pts. The exhibit must contain facts and information that quickly tell a story of importance to its viewers.

E. Creativity and Clarity - 15 pts. The work must be original with a clear message of the theme.

4. **SIZE:** Display area to be a triangle, 4'x4'x5'6", with a two-sided backdrop of unpainted 4'x8' panels hinged together. These panels will be supplied by the Fair and will be in place ready for use by September 26. Chapters may use staples, thumbtacks or small finish nails to attach their exhibit. Use of the floor space within the triangle to create a three-dimensional exhibit is strongly encouraged. There will be a 12" x 5' 6" title board across the top for your use, see sketch below.

5. Chapters are to provide a protective case for displaying loose tools and equipment.

6. Students who graduated last year are eligible to enter work completed in their senior year. Exceptions: Dendrology Notebooks and any contest requiring the student's presence at the Fair.

DENDROLOGY NOTEBOOK

THIS IS AN INDIVIDUAL EVENT AND MUST BE ENTERED IN THE INDIVIDUAL'S NAME (ex. Bobby Smith).

DIVISION 32203 - Junior Dendrology Notebook (Students in the 9th grade and below)
DIVISION 32204 - Senior Dendrology Notebook

CONTEST RULES:

1. Each school may enter up to **3 students' leaf collection notebooks in each of the above classes (6 notebooks total)**. The notebook must be the FFA notebook or any other standard hardback notebook. The entire class must use the same type and color notebook.
2. Each notebook will contain tree samples from the **Forestry CDE Tree ID list**.
3. Each Senior notebook must contain 40 forest tree species that are listed in the FFA Awards Bulletin. Each Junior notebook must contain 36 forest tree species that are listed in the FFA Awards Bulletin. Each notebook must contain a minimum of six conifers, four of which must include loblolly, longleaf, shortleaf and slash pines. The remaining leaves must be hardwoods. Consideration must be given to trees that are economically important and natural to the area. Extra leaves may be included, but will only be considered for tie-breaking purposes.
4. All notebooks must be original student work, prepared by the student entering the contest. Students must be enrolled in middle school or high school at the time of this competition. A signed statement must be included stating that the notebook was constructed by the entrant.
5. Each notebook must contain:
 - A. Student's name, school, grade, instructor's name
 - B. Table of contents listing each species in the notebook
 - C. Leaves arranged by conifers and hardwoods
 - D. A written (typed or hand printed) description of the specimen, including common name, descriptive features of the species, key characteristics, wood description, uses, location where sample was found, and distribution area.

This information must be on the right-hand page of the notebook and the leaf specimen must be on the left-hand page of the notebook.

 - E. A written signed statement by Agriculture Teacher and Student stating the notebook is the original work of the FFA member entering the notebook.
6. Display will be graded on: neatness, uniformity, quality of specimens, accuracy of identified specimens, quality and originality of descriptions.

Explanation of Floral Arrangement Terms:

Design: Design is the overall shape or form of composition, a planned relationship of the parts. The elements of design include: line (linear patterns attracting the eye to the focal point); form (three dimensional shape); texture (surface appearance of materials); color (use of tints, tones, shades of hues); the pleasing way in which lines, textures, sizes and colors are blended or contrasted; and the tying together of the parts by the combination of good design, balance and harmony.

Technique & Workmanship: The method used to put the arrangement together and how well the arrangement withstands use and movement, soundness of construction.

Balance & Color Interest : Visual stability: determined by the relative sizes of material and relative darkness or lightness, and the placement of them.

Functionality & Suitability: Appropriateness of arrangement for use intended.

DIVISION 34704 FLORAL DESIGN CONTEST SENIOR

2018 Theme: "CAREERS THAT BLOOM AND GROW"

*Individuals are limited to **one** entry; chapters are limited to **two** entries in this division.*

CONTEST RULES:

1. In the floral design contest, a person who has been declared an FFA Winner as a result of the GNF competition the previous year may not enter the competition again.
2. Contestants will be asked to make a floral design of their choice. It is suggested that the student have in mind exactly what design they will make and practice making the arrangement before the competition. **Students may not use pictures or photos of the arrangement they are creating.**
3. The arrangement may be of any style or design. Novelty and high style designs are encouraged. **Note: 20% of points earned by use of theme in the design.**
4. Contestants must supply all materials, tools, etc., however, nothing can be pre-made prior to the contest.
5. Fresh, silks or dried foliage and flowers, accessories, balloons, etc. may be used.
6. The contest committee will supply a table for the contestant.
7. The finished design must be one unit, just as it would be sold from a florist shop. Any accessories must be contained in or attached to the design.
8. Design must be deliverable.
9. Cost of the design, including any accessories, must be between **\$25 and \$35** based on current wholesale prices. **Contestants must provide an itemized cost sheet of the materials that are used in the arrangement. (All materials must be listed with cost. There can be NO FREE materials.)** The contest coordinator may establish prices for materials if documentation cannot be obtained. It is the responsibility of the contestant to establish prices of non-documented items with the coordinator before the contest begins.
10. Any design exceeding the cost limitation will be disqualified.
11. A **thirty minute** time limit will be enforced. The entire design must be created from start to finish on site.
12. Students who arrive after the contest begins will have the remainder of the designated 30 minutes to complete their design – NO additional time will be given.
13. Floral designs will remain on display until pickup time for horticulture exhibits.
