

**FAMILY, CAREER AND COMMUNITY LEADERS OF AMERICA**  
*AT THE GEORGIA NATIONAL FAIR*

Family, Career and Community Leaders of America is a national student organization which functions as an integral part of the Family and Consumer Sciences curriculum in Georgia schools. FCCLA encourages personal growth, prepares for careers, fosters family and community involvement and helps students become leaders. Through programs such as Career Connection, students prepare for the world of work. Programs such as Families First and Families Acting for Community Traffic Safety reinforce the importance of a strong home life. The Community Service, STOP the Violence program and the Japanese Exchange Program provide incentives to developing local, national, even global, community ties. The Power Of One, Student Body and Financial Fitness program encourage members to make positive lifestyle choices and practice goal setting. Leadership skills are enhanced through opportunities to serve as local, state and national officers. Conferences such as state and national leadership meetings and regional cluster meetings provide intense leadership training and the chance to network with teens who have similar interests and concerns. Through the STAR Events program, members are recognized for proficiency and achievement in leadership and career skills. FCCLA is The Ultimate Leadership Experience!

The mission of FCCLA is to promote personal growth and leadership development through Family and Consumer Sciences education. Focusing on the multiple roles of family member, wage earner and community leader, members develop skills for life through character development, creative and critical thinking, interpersonal communication, practical knowledge and career preparation.

Open to all bona fide FCCLA members in the state of Georgia. Entries may be made as individuals or teams, as specified in the rules for each competition and must be submitted through the club advisor.

All questions throughout the Family and Consumer Sciences/FCCLA Knowledge Bowl will fall under one of the following five categories: Nutrition and Food Science, Textiles, Housing and Interiors, Child and Family Development, Consumer Economics or FCCLA Knowledge.
- The Culinary/FCCLA Knowledge Bowl is a three level, team competition that challenges students' knowledge of all aspects of Culinary Arts and FCCLA. All questions throughout the Culinary/FCCLA Knowledge Bowl will fall under one of the following two categories: Culinary Arts Knowledge and FCCLA Knowledge.

### LEVEL 1 – Online Testing Qualification

Registration for Level 1 takes place through the Georgia National Fair registration AND Georgia FCCLA online registration process. Registration will end September 18. Online testing will take place the week of September 23 through September 27. Top teams advancing to Level 2 will be sent a confirmation of their Level 2 participation via email by October 2.

All teams must be comprised of four FCCLA members (affiliated at both the state and national level by October 1) from the same chapter. Team members may be mixed in grade level and FACS course background. Each qualifying team may select one alternate team member from the students in their chapter. All competitors must be registered for Fall Rally at which their competition takes place. **Teams with less than four members are ineligible to compete.**

All teams that registered will complete this LEVEL 1 round. Teams will be comprised of four FCCLA members from a single school or chapter. **Each team member will take the online test which contains ONLY content questions, no FCCLA knowledge questions will be used.**

Each school must register a proctor in the Georgia FCCLA online registration system by September 20. Proctors will be emailed the password and log in information prior to testing. Proctors cannot be the FCCLA Advisor or other FACS teachers.

One hour will be given for individuals to complete the 50 question test (multiple choice and true/false questions). ALL 4 team members will need to take the test independently, but at the same time. **They will NOT be the exact same questions from the Study Guide.** Questions may vary. There will not be any FCCLA questions on the Online Qualification Test.

If less than four members are present to take the test or do not take the test at the same time, the team is ineligible to compete. The teams with the top team scores will advance to the next level. Chapters will not receive the scored tests back.

### **LEVEL 2 – Buzzer Round at Georgia National Fair**

Single Elimination takes place at Georgia National Fair (Miller Murphy Howard Bldg) on Wednesday, October 9.

The second level will be a single elimination, head-to-head competition. Teams will be put into a bracket with the top scoring team against the lowest scoring team, and so on to meet in the middle. If an odd-number of teams are competing, byes will go to the highest scoring team(s). Competition will take place simultaneously in 2 rooms, or as space allows with a holding room. All rooms will use the same questions.

Level 2 rounds consist of two parts – Head-to-Head Individual Questions as well as Team Questions. In the Head-to-Head Individual part of the round, one content (Middle Level, FACS or Culinary) multiple choice question will be asked to each team member. In the Team Questions part of the round, all questions are open-ended. Twelve questions will be asked in content and eight FCCLA Knowledge questions. Questions will be asked in the following order:

1. 12 content (Middle Level, FACS or Culinary) questions
2. 8 FCCLA knowledge questions

Elimination round is single elimination. Winners will advance to the next bracket level. If multiple rooms are used for competition, all rooms will use the same questions.

### **Buzzer Round Rules of Play**

#### **Level 2**

##### Head-to-Head Individual Questions Rules

Questions in the head-to-head individual part of the round are multiple choice. Each team member is assigned a number – member #1, #2, #3, #4. After the question and answer choices are read to team members #1, whichever individual buzzes in first has 10 seconds to respond. The individual cannot confer with team members. Individuals may give the full answer or the letter (a, b, or c) associated with the answer. A total of 4 questions will be asked.

If the individual who has buzzed in cannot answer in the time allowed, or gives an incorrect answer, the opposing individual team member has 10 seconds to provide an answer.

If a member buzzes in before the entire question is read, the individual must give an answer within 10 seconds. If the answer is incorrect, the moderator will re-read the question and answer choices. The opposing team member has 10 seconds to respond.

If neither individual buzzes in within 10 seconds, nor both members give incorrect answers, the moderator will give the correct answer.

Each correct answer is worth 10 points. There is no deduction for incorrect answers.

This process will continue through team member #4. Upon completion of the head-to-head individual part of the round, scores will be tabulated and announced by the scorekeeper and moderator.

##### **Team Questions Rules**

Questions in the team questions part of the round are open ended. The moderator will ask a question, and the first person to hit his or her button will have the opportunity to answer.

Teams may buzz in before the entire question is read. If this happens, the moderator will stop reading the question. The moderator will call on the team that buzzed in. The team member who buzzed in has 10 seconds to answer the question. The team may confer both orally and in writing until a team member buzzes in. Only the team member who buzzed in will be allowed to answer the question.

If an incorrect answer is given, the moderator will begin re-reading the question, and members from the other team may buzz in at any time.

If no one buzzes in within 10 seconds after the question has been read, or both teams give incorrect answers, the moderator will give the correct answer.

Each correct answer is worth 5 points. There is no deduction for incorrect answers.

This process will continue through all 20 open ended questions. Upon completion of the team questions part of the

round, scores will be tabulated and announced by the scorekeeper and moderator. If there is a winner, the winner will be announced. If there is a tie that must be broken, tie breaker question(s) will be read.

#### Tie Breaker Round Rules

Up to five tie-breaker questions will be asked. There is no deduction for incorrect answers. The first team that buzzes in will have 10 seconds to answer. The first team to correctly answer a tie breaker question will be announced as the winner.

#### General Rules

##### Acceptability of Answers

Only the first answer from the team member who buzzes in will be accepted. Only one team member may buzz in per question. The moderator will determine if the answer given by the competitor matches the correct answer. If there is a question about the acceptability of the answer, the moderator may consult with the room judge.

##### Appeals

Following the correct answer being given by the moderator, either by one team or the moderator, the team captain of a team which has given an answer thought to be correct and in the appropriate manner may buzz in to question the incorrectness of his/her team's answer or the procedure by which the answer was not accepted. One additional team member may assist in explaining the reason for the appeal, but the appeal must be proposed by the team captain. The judge will make the final ruling based upon the explanation. Appeals must take place before the moderator begins the next question and will not be considered at another time during or following the round. Only one appeal is permitted per team, per match. Interference from the audience will result in the appeal being dismissed.

##### Consultation

Team members may confer with one another both orally and in writing until a team member buzzes in. From the time a competitor buzzes in until the time the moderator announces whether the answer is correct or incorrect, no one on that team must speak or write notes to another. If consultation continues while a team member has buzzed in, his/her answer will not be accepted even if it is correct. Team members of the opposing team may consult while a competitor on the other team is answering the question.

##### Dress Code

Participants must follow the approved conference dress code for participation in all levels of competition.

##### Moderator/Judge/Question Error

If the moderator misspeaks or misreads a question, but catches the mistake prior to either team buzzing in, they may repeat the question correctly and the time for answering will begin again at 10 seconds.

The judge and/or moderator may see that a replacement question is used if an answer is prematurely given by the moderator, judge, or spectator or if the way a question is read is deemed unfair for either or both teams. Replacement questions will not be used if a competitor reveals the correct answer out of turn or if a competitor or spectator disagrees with the correctness of answer as determined by the moderator and judge.

##### Repeating of Questions

Individual team members may request a multiple choice question to be repeated during the Head-to-Head Individual Round. No open-ended questions will be repeated once they have been read in their entirety. If there is an issue in which the moderator feels the question must be repeated (noise interference or equipment problem) they may

repeat the question at their discretion.

#### Spectator/Participant Conduct and Sportsmanship

The buzzer round is open to spectators (students, advisors, chaperones, alumni, and other conference attendees) as space in competition rooms permits. Spectators are not allowed to enter or leave the competition room during play. Spectators are prohibited from cheering, visual signaling, audible conversations, and the use of cell phones during competition. Any spectators who disrupt the round in any way or are thought to be communicating with competitors will be asked to leave by the room judge or moderator. The room judge and moderator have the authority to control the competition atmosphere within their room. Disputes concerning their judgment must be directed to the Knowledge Bowl Coordinator or the on-site state staff person who is overseeing the competition.

Good sportsmanship is expected of all participants, advisors, chapter members, and other spectators. Poor sportsmanship on the part of any team member or their supporters may result in disqualification. Any use of extremely negative behavior (such as the use of profanity or yelling) will result in immediate disqualification of the team.

#### Substitution

Substitution of team members between Level 1 and Buzzer Round will be allowed. Substituted competitors must be affiliated members of the same FCCLA chapter to qualify.

#### Team Captain

Each team must select one of its members to serve as the team captain. This member will be responsible for picking up team materials.

#### Team Holding Room

All teams in the buzzer round are required to remain in a holding room throughout the competition time period. Teams may utilize printed study material. The use of cell phones, or other electronic devices which may record, publish, or receive information are prohibited.

#### Unanswered Questions

If a question is not answered by either team, no points will be awarded or lost and no replacement question will be given. The moderator will give the correct answer and move on to the next question.

#### Writing Instruments

Paper and pencils for each competitor will be provided by FCCLA. Competitors will not be allowed to bring any writing tools or paper into the competition room.

### **Georgia FCCLA Online Qualification Test September 23-27, 2019**

#### Preparing for Online Testing

1. Ensure your students are registered in the Georgia National Fair AND Georgia FCCLA online system by midnight on SEPTEMBER 18.
2. Secure AND register (by September 20) a non FCCLA/FACS related testing proctor. This person will receive the secure password from Georgia FCCLA to log your students into the system when they report to test. Suggestions include librarians, counselors, administrators, IT staff, etc.
3. Secure a computer testing site with internet access that will accommodate the number of students you will be testing during the testing window.

4. Make sure that your school computers can access the testing site: <https://www.answerwrite.com/fccla/ga>. As of now, the online testing link is not available. The network administrators need to know this ahead of time so they can add it to the list of trusted sites.
5. Confirm the testing times with each of your students and ensure they know where they will be testing. Make sure students taking the same test are all testing at the **SAME TIME**.
6. Proctors will be emailed login instructions. Without this documentation in hand, they will not be able to log your students in for competition. Please verify they get a copy of this.
7. If in doubt about anything, call the state office at (770) 530-1874 OR email [gafccla@gmail.com](mailto:gafccla@gmail.com) so we can help you have a successful testing week. **PLEASE GIVE THIS PHONE NUMBER TO YOUR PROCTOR!**
