We can take pride in the fact that California fairs are world leaders in providing educational and competitive exhibits that showcase local communities and their talents, as well as providing a venue for all cultures and lifestyles to promote diversity within the community.

California fairs encourage their communities to learn more about the bounty of California agriculture. They foster the reconnection of consumers to the land and to the people who produce their food.

Fairs are a tradition for families and communities to come together to create lasting memories. However, our fairgrounds are much more than just a place to celebrate. We cannot overlook the events that take place at our fairgrounds throughout the year; from crab feeds to weddings and, as needed during emergency situations, fire camps and evacuation centers.

As we look ahead to the year 2020, I would like to express my appreciation for all fairground's staff, volunteers, and others who share a commitment to serve their local communities. Thank you all very much. Your support of California fairgrounds is invaluable.

Yours truly,

Karen Ross Secretary

All animals which are not to be sold in the sale must be removed from the fairgrounds between 7:00 a.m. and 9:00 a.m. on Friday, of fair week. Failure to remove unqualified animals from the fairgrounds or failure to care for or feed any animal during the fair will result in market animals being excluded from the sale and the withholding of all premiums from the exhibitor.
9. **PICTURES**: All exhibitors participating in the sale must have their picture taken with their market animal at the designated time for the buyer's appreciation placard. The JLC will deduct up to \$10.00 from each sale check to pay the cost of the professional photographer. Immediately following the sale of each animal, the exhibitor must present the buyer appreciation placard to the buyer.
10. **EXHIBITING AT THE AUCTION**: All market animal exhibitors must exhibit their market animals at the Junior Livestock Auction in the proper order and dressed in their official uniform. Exception to this rule can be made only by permission of the livestock superintendent and fair manager upon written request from the exhibitor stating the reason for the absence. Letter is to be presented to the livestock superintendent by 9:00 AM Wednesday of fair week.
11. **RESPONSIBILITY AFTER**: Immediately following the sale of the animal, it must be properly stalled and cared for until the animals are picked up or released. Failure to do so will prevent the exhibitor from showing or selling in the next Junior Livestock Auction.
12. **SELLING FEES**: All exhibitors selling animals at the auction will be assessed a commission of 7% on swine,

- sheep, goats, turkeys and pens of chickens and rabbits and 4.5% will be assessed on beef and silent auction items for maintaining and defraying the auction expenses. Selling fees may be adjusted up or down to maintain the JLC Reserve.
13. **SUBSTITUTION:** No one may substitute an animal after the sale, nor can they purchase an animal from an auction buyer which has been designated for resale or slaughter. The buyer must have originally designated at sale time that the animal was to be "picked up live" and the resale must take place after the animal has been removed from the fairgrounds.
 14. **DEATH OF AN ANIMAL:** Should your market animal die after tagging and 30 days prior to the fair you must submit a written request to replace the animal before the fair weigh-in to the Fair Office. A veterinary certificate stating the cause of death must accompany the request. There will be no replacements made within 30 days of the fair, except for rabbit and poultry pens which may be replaced until 15 days before the fair.
 15. **EXHIBITOR LOANS:** Junior livestock market animal exhibitors who have secured a loan for the purchase of their animal(s) may have the proceeds of the sale of their animal withheld and paid directly to the lending agency as may be provided for in their loan agreement with that lending agency fund or other loan agreement. After satisfying any outstanding loan balances as specified in the loan agreement, the lending agency, fund or other entity will distribute the remainder of the proceeds to the market animal exhibitor. Sale proceeds so withheld must be requested in advance of the sale with appropriate documentation by the lending agency.
 16. **DECORATIONS:** No extra adornment or decoration is to be put on any animal during the fair and auction unless provided by the fair; this includes but is not limited to glitter and confetti.
 17. **AG MECHANICS:** Up to 100 lots from vocational education dept. Ag. Mechanics will sell in a silent auction format on Saturday during the Junior Livestock Auction. Only blue-ribbon winners will sell. If more than 100 lots are submitted each exhibitor may be limited to selling only one item, the best of show project may sell at live auction during the sale of champions.
 18. **EXHIBITOR ACKNOWLEDGEMENT:** By entering, exhibitor acknowledges responsibility in the event their animal is found to contain volatile drug residues or is deemed unfit for human consumption at processing. Adulterated carcasses or those deemed unfit for human consumption by USDA Food Safety Inspection Services (FSIS) personnel at processing, are the sole responsibility of the seller. If animals fail to pass ante-mortem inspection, or their carcasses are determined to be diseased or adulterated at processing, exhibitors shall be liable for financial restitution, attorney's fees and Civil penalties. Exhibitors may also be subject to disciplinary measures administered by the Glenn County Fair, including but not limited to the cancellation of sale transactions and/or reimbursement to buyer.
 19. **FAMILY BACK UP ANIMALS:** must be pre-entered under the families last name with the children's name listed in parenthesis. If the animal crosses the scale at fair, the family will designate which child is exhibiting the animal at that time and the animal will proceed through show and sale under that exhibitor only. Back up animals must be entered separately and on a paper entry form located in the back of this book. It is due the same day as all online entries in the fair office.

MAKING SENSE OF INVESTING

Livestock Red Tag Policy

Purpose: To ensure that livestock exhibited at the Glenn County Fair are cared for and treated in a humane and ethical manner and that livestock pens are suitable for public display.

Policy: Livestock exhibitors are solely responsible for the care of their animals while on exhibit at the Glenn County Fair. If the Livestock Superintendent becomes aware of any livestock exhibitor whose animal husbandry practices do not meet the standards outlined in the Glenn County Fair's Exhibitor's Code of Conduct, including acceptable state of pen cleanliness, the following will occur:

1. Livestock Superintendent will determine the name and affiliation of the responsible exhibitor.
2. A RED TAG, with the following information, will be affixed to the exhibitors' pen:
 - a. The exhibitors name
 - b. The observed problem
 - c. The date and time of citation
 - d. Signature of the livestock superintendent
 - e. It is the exhibitor's responsibility to respond to the RED TAG by contacting the Livestock Superintendent within 12 hours of the citation being issued. The exhibitor will formulate and initiate a plan of correction approved by the Livestock Superintendent. Reasonable efforts will be made by the livestock superintendent to contact the exhibitors FFA Advisor, 4-H Leader, Parent or Designee and make aware of the situation resulting in the Red Tag citation.
3. Any exhibitor who fails to contact the Livestock Superintendent within 12 hours may be issued an automatic 2nd citation.
4. Any exhibitor receiving 2 Red Tag citations during the fair will be declared ineligible for further competition, including participation in the Junior Livestock Auction. The exhibitor will forfeit all fair premiums; awards earned and be required to remove the animal exhibit from the fairgrounds.
5. Any exhibitor that is required, under the provision of the Red Tag Policy, to remove their animal

entry from the Fairgrounds, must do so within 12 hours from the time of notification.

- 2) The age limit is a minimum of 20 months old with a maximum age being 30 months old on opening day of fair.
- 3) Minimum weight is 900 lbs. for spring calving heifers and 700 lbs. for fall calving heifers.
- 4) Heifers can be exhibited as a spring pair with calves being born between February 1, 2020 and April 17, 2020, or heifers can be bred to calve between August 15, 2020 and November 1, 2020. Any heifer past 25 months of age must calve by November 1, 2020. Heifers may be bred naturally or by artificial insemination. Fall bred heifers will be pregnancy tested by a veterinarian specified by the fair on Monday after weigh-in. All heifers must be bred to a bull of a beef breed.
- 5) Heifers should be bred to bulls with low birth weights to reduce difficulty in calving. E.P.D. information of bull/sire used should be provided. Accurate records must be kept on the heifers. It is important that exhibitors have dates written down as to when the heifer was exposed to the bull and any data that could be beneficial to the potential buyer. (i.e., E.P.D.'s, vaccination records, etc.)
- 6) All heifers must bear evidence of having the official calf-hood brucellosis vaccination with the

presence of an official tattoo visible in the right ear.

- 7) The project member must have had ownership of the heifer by November 15th of the previous year. - 8) **BRAND INSPECTION** - TWO yellow transportation slips will be required at fair time weigh in for beef. One is for the exhibitor to consign the heifer to the Fair, and one is from the seller to the exhibitor. If the animal comes from the exhibitor's cow, a signed statement must be included with the transport slips, stating this is the case.
- 9) Prior to April 1, if a heifer develops any unforeseen health problem, illness, blind quarter or abortions, the exhibitor must immediately notify the Fair Manager and submit a letter from a professional Veterinarian stating the medical condition and that they must replace the animal. No replacement of animal may be made within 30 days of fair, exception as listed in Auction Rules in this guidebook.
- 10) If an exhibitor declares that the heifer is registered, the registration papers must be signed off and submitted to the Livestock Office before the heifer will be allowed to sell.
- 11) Champion and Reserve Champion Beef Replacement Heifers are required to sell and sell during the sale of Champions at the Junior Livestock Auction on Saturday.
- 12) The beef replacement heifer can sell in addition to a market animal. The beef replacement heifers will be sold on Saturday of the Fair during the Junior Livestock Auction.

Glenn County Fair Medication Declaration Form

Form is due **Tuesday, May 12, 2020** when the animal crosses the scale or in the livestock office by 5:00 pm

Every exhibitor of a market animal at the Glenn County Fair Junior Livestock Program must complete this form prior to the sale of their animal through the Junior Livestock Auction.

By raising and selling a market animal, you are producing food for human consumption. Except for unmedicated food and water, anything you give your market animal (orally, topically or by injection) may cause residues that would make your animal unfit for human consumption. - Any human Over-The-Counter (OTC) or prescription product. (examples: melatonin, ibuprofen, cortisone cream)
- Any animal Over-The-Counter (OTC) product not labeled for your market animal species. (examples: horse fly spray, Blu-Kote, dog shampoo, nitrofurazone ointment, DMSO, horse wormer)

If you have any questions about the legality of a product or the withdrawals for a product, contact your veterinarian. A veterinarian may prescribe some of the above products in an extra-label manner, but he or she must follow certain rules and attach an extended withdrawal time.
