September 17, 2020

To All Glenn County Fair Junior Livestock Exhibitors:

What a year it has been. I missed seeing all of you in May at what should have been the 2020 Glenn County Fair. I look forward to fair week, just as all of you do, and was disappointed we were not able to meet in person.

I don't know what 2021 will bring but I can tell you the Junior Livestock Committee, the Fair Board of Directors and the Fair Staff are all working together on alternative show and sale plans should we not be able to have a fair as normal. We will be ensuring all exhibitors will be able to sell their livestock projects through a Glenn County Fair Junior Livestock Auction. We have learned by watching others in the industry and are confident we will be able to put on the best show and sale for our exhibitors whatever it may look like.

The Glenn County Fair is working on varying levels of modifications to the shows & sale based on what the circumstances may be at the time of the event. Should we need to implement any level of modification, we will be working with local and State public health departments to ensure we are following all guidelines at the time.

We are here for all the junior exhibitors and we will do what we can to make the livestock shows and sale a positive experience for everyone.

Sincerely,

Miki Martin
CEO, Glenn County Fairgrounds
