However, these items may only be carried within the confines of the barn in which the animal(s) is housed. Knives and other tools carried outside of the barn are subject to confiscation under the deadly weapon rules found in the Indiana Administrative Code, Title 80, Section 11-2-2.
- Any deadly weapon found in the possession of a person while on the Fairgrounds is subject to immediate confiscation by persons authorized to provide security protection services as well as city, county, and state police agencies. Federal, state, or local law enforcement officers or those employed or authorized by the Indiana State Fair Commission are excepted from this rule (Indiana Administrative Code, Title 80, Section 11-2-2 (a), (c), and Section 11-2-3 (1) and (2)).
- Any person properly licensed to carry a firearm must secure the firearm in a locked compartment of his/her vehicle and it shall not be visible to passersby (Indiana Administrative Code, Title 80, Section 11-2-2(d)).

No person in possession of or having control over an unauthorized animal shall be permitted onto or be permitted to remain on the Fairgrounds (Indiana Administrative Code, Title 80, Section 11-2-4).

- Cameras are located throughout the Fairgrounds for security and promotional purposes.

- Fire extinguishers are located throughout every barn and building. They may be used for approved purposes only. Do not use a fire extinguisher if you are not trained on its proper use.

- Do not store tack/supplies in primary aisle or in front of exit doors.

Severe Weather

- In the event of severe weather impacting the Fairgrounds, be it a severe thunderstorm or tornado, you may receive instructions over the barn or building public address system. If the barn or building is not equipped with a public-address system, State Fair staff will notify people in person.
- During a severe weather situation, you will be asked to remain inside, away from windows and doors whenever possible. Staff may be instructed to close all doors and windows, including overhead doors.
- Larger barns and buildings will be used for shelter-in-place (points of refuge) to allow Fairgoers to seek shelter. This may cause an influx of people into livestock areas and result in the postponement of a show or exhibition. Exhibitors should be mindful of this, keep aisles and walkways clear, and tend to their animals accordingly.

Food Preparation/Cooking Policies & Procedures

- Cooking inside and adjacent to barns and buildings is not advised. The Indiana State Fair Biosecurity plan recommends that food be excluded from animal areas. If cooking and/or food preparation is necessary, the following policies and procedures must be followed:

Animal Wellness & Care

The Animal Wellness & Care Plan (AWAC) was established to reinforce the Indiana State Fair's commitment and belief in the proper treatment of all animals in exhibition. The Indiana State Fair holds exhibitors of the various species of animals being exhibited to the highest standards in wellness, care and ethics of exhibition. The AWAC is responsible for ensuring the most up to date standards as well as to be a source for the public to seek answers to their questions relating to the health and safety of the animals involved in the Indiana State Fair. Failure or refusal by an exhibitor or fairgoer to comply with the Animal Wellness & Care Plan can result in penalties up to and including but not limited to removal and a ban from the Fairgrounds for the duration of the event.

Biosecurity

The Indiana State Fair Biosecurity Plan was developed to prevent the outbreak of diseases carried by both animals and humans that spread pathogens that can be transmitted to and from farm animals, as well as through the food supply. Many diseases and pathogens can be prevented through maintaining the cleanliness of facilities and encouraging good hygiene. The Biosecurity Plan will be enforced during the Indiana State Fair and all exhibitors are expected to carryout and preform basic biosecurity and hygienic task including:

- Hand Washing/sanitizing following exposure to animals and always before consuming food or drinks
- Excluding human food and food preparation from animal areas
- Maintaining general cleanliness of animals and animal areas
- Properly disposing of animal waste/soiled bedding in properly identified/designated areas
- Cleaning-up after your animal if it soils/has a biological event in a building/Fair common space
- Reporting the appearance or evidence of animal/human sickness or distress to Fair officials

Failure or refusal to comply with the above can result in penalties up to and including but not limited to removal and a ban from the Fairgrounds for the duration of the event.

The Indiana State Fair is committed to providing opportunities for all 4-H participants to show their animals as part of the State Fair. The State Fair also wants to ensure the integrity of its 4-H competitions as is evidenced by the various terms and conditions set forth in this Entry Book, including its policy with respect to testing for unauthorized substances in certain animals that are entered into these competitions and the penalties associated with positive results. By entering into these competitions, you agree to these terms and conditions and as such, we strongly recommend that you read this information carefully prior to submitting your entry.

All exhibitors should be familiar with and must abide by the terms and conditions of the Indiana State Fair. Failure to do so may result in loss of the privilege to exhibit at the State Fair and/or ejection from the Fairgrounds.

4-H COMPETITIONS GENERAL TERMS & CONDITIONS

General Principles

1. By submitting an Indiana State Fair Entry Form or online entry, 4-H Exhibitors agree to all Terms & Conditions.
 - a. Exhibitors entered under one account are also responsible and held accountable to all Terms and Conditions.
2. The Indiana State Fair is fully committed to ensuring integrity in all 4-H Competitions. As such, there is No Tolerance for any violation of Terms & Conditions; intent is not relevant (i.e., strict liability) and any determined violations including testing results are final and binding. 4-H Exhibitors should expect that any animal exhibit may be tested at any time while on the Fairgrounds or at harvest.
3. The Indiana State Fair is fully committed to carrying out the Animal Wellness & Care Plan and ensuring the proper treatment of all animal exhibits. Therefore, sick animals shall not be exhibited because of the risk to the animal exhibit, other animal exhibits, the 4-H Exhibitor, other 4-H Exhibitors, other persons, and the integrity of 4-H Competitions. Based on Animal Wellness & Care Plan, the Indiana State Fair Board, the Director of the Purdue Cooperative Extension and his/her designee, Livestock Director and his/her superior, Department Superintendent and State Fair Veterinarians, may prohibit an animal exhibit from showing at their sole discretion.

Care Of Animal Exhibits

4. 4-H Exhibitors are completely responsible for the care and custody of animal exhibits at the Indiana State Fair.
5. 4-H Exhibitors may receive clipping and grooming assistance from members of their immediate family (father, mother and siblings), from a current Indiana 4-H member, and from individuals enrolled in the Indiana 4-H Approved Animal Grooming Assistance Program. Temporary guardianships established for the intent of animal exhibition or grooming purposes are not permitted and shall result in immediate disqualification.
 - a. State Fair and 4-H officials reserve the right to request identification from any individual grooming any animal(s), ID refusal and violations to the policy may result in the disqualification of an animal entry.
 - b. To access the Indiana 4-H Approved Animal Grooming Assistance Program go online to: <http://bit.ly/animalgroominglist>.
6. Ownership of the animal exhibits passes from the 4-H Exhibitors or their families to the Indiana State Fair Commission when the Indiana State Fair Commission takes possession of the animal exhibits for harvesting.

Drug & Alterations Testing/Examination Principles

8. The Indiana State Fair 4-H Animal Testing Program protects the integrity of the Indiana State Fair, 4-H Competitions and the food supply. At no time shall animal exhibits have any substance present, alteration or tissue anomalies that:
 - a. Violates standards established by the United States Department of Agriculture (USDA).
 - b. Violates standards established by the Food and Drug Administration (FDA). Should testing results reveal non label compound use, consideration may be given if credible veterinary disclosure or testimony accompanied by credible documentation citing appropriate exercise of the Animal Medicinal Drug Use Clarification Act of 1994 (AMDUCA) within an existing Veterinarian Client Patient Relationship (VCPR) at the time of treatment is provided in a timely manner when requested by State Fair officials before, not after an Appeal Process as outlined in General Terms & Conditions 34-50 has been initiated and is recorded and present on the exhibit's Animal Affidavit.
 - c. Is determined by the Purdue University Meat Lab Manager or State or Federal Meat Inspectors to be unacceptable for human consumption either during or post-harvest.
 - d. Provides any potential performance enhancing quality or any potential showing advantage including but not limited to tampering, altering, or misrepresenting any exhibit; coloring that alters or misrepresents breed characteristics [except as allowed in 4-H Beef Cattle, 4-H Sheep, and 4-H Meat Type Goats]; pumping air or other substances to alter conformation; methods to induce artificial fill; performing surgical and/or non-surgical procedures to alter the animal's configuration or natural conformation of any part of the animal's body; and unethical fitting. The following generally accepted management practices are allowed: hoof trimming, dehorning, removal of hair, castration, branding, tattooing, ear notching, and docking of tails.
9. Treatment of Acute Injury Policy for 4-H Animal Exhibits at the 2020 ISF. In the event that an animal suffers an acute injury, it is permissible for the animal to be treated with FDA approved medications. An ISF veterinarian must administer all treatments. The determination of the time of injury and its impact on the animal is solely based on the evaluation and diagnosis of the attending ISF veterinarian. For market animals, all withdrawal times must be completed prior to the start of the show. Failure to meet this withdrawal time requirement shall disqualify an animal from exhibition. Non-market animals are exempt from withdrawal times being completed by time of show with the exception of any breeding females which may be loaded on market trucks at the ISF.
10. The use by non-veterinarians (exhibitor or otherwise) of animal compounds or other substances in any manner other than in accord with the labeling approved by FDA is a violation of federal law and individuals found to be in violation may be disqualified and/or ejected from the event at the discretion of event/show management.

Animal Affidavit

11. Upon check-in at the State Fairgrounds, an animal affidavit (found at <https://www.indianastate-fair.com/p/state-fair/competitions--contests/livestock-information>) shall be submitted for **all animal exhibits** (i.e., market and breeding) in the:
 - a. Beef Cattle Department,
 - b. Dairy Cattle Department,
 - c. Swine Department,
 - d. Sheep Department,
 - e. Dairy Goat Department,
 - f. Boer Goat Department, and
 - g. Meat Goat Department.
12. Other Departments (e.g., Horse and Pony) may require animal affidavits at their discretion and as part of drug testing.
13. Disclosing drugs and/or alterations on the animal affidavit does not affect the imposition of penalties should there be a violation of the drug testing /examination principles outlined above. Should testing results reveal off/extra label compound use, consideration may be given if credible veterinary disclosure and/or testimony accompanied by credible documentation citing appropriate exercise of the Animal Medicinal Drug Use Clarification Act of 1994 (AMDUCA) within an existing Veterinarian Client Patient Relationship (VCPR) at the time of treatment is provided in a timely manner when requested by State Fair officials before, not after an Appeal Process as outlined in General Terms & Conditions 34-50 has been initiated and is recorded and present on the exhibit's Animal Affidavit. Attaching accompanying veterinary documentation to support any Animal Affidavit claims is recommended.
14. Failure to complete the animal affidavit shall result in automatic disqualification and may result in additional imposed penalties as listed below in General Terms & Conditions 41-45.

Veterinary Treatment Of Animal Exhibits

15. Upon check-in at the State Fairgrounds, all 4-H Exhibitors irrevocably consent to emergency medical care that may be needed to preserve an animal's life or prevent extreme suffering. 4-H Exhibitors and any person affiliated with them hereby waive any claim related to emergency medical care and, to the fullest extent permitted by law, 4-H Exhibitors and any person affiliated with them hereby agree to indemnify, defend and hold harmless the Indiana State Fair Board, Indiana State Fair Commission, Purdue University, Indiana 4-H Program, Co-operative Extension, the State of Indiana, and respective agencies, affiliates, agents, officers, and employees from all claims and suits including court costs, attorney's fees, and other expenses related to emergency medical care. If the following conditions have been met, the Indiana State Fair is expressly authorized to perform any medical treatment, including but not limited to medical practices/ procedures, administering of medications, surgery, and euthanasia, for an animal in the absence of the 4-H Exhibitor if:
 - a. The 4-H Exhibitor is unreachable after due diligence has been made to contact the 4-H Exhibitor, and
 - b. A State Fair Veterinarian along with the Department Superintendent and Livestock Director determines that the animal's health is in danger and delaying treatment would be detrimental to the animal's life, or that the animal is in extreme pain.
16. Only the State Fair Veterinarians may administer drugs to animal exhibits at the Fairgrounds.
17. Within 2 hours of treatment, the State Fair Veterinarians shall report all performed treatments to the Department Superintendent on an Indiana State Fair-provided reporting form.

Nonambulatory Deceased Animal Policy

18. The Indiana State Fair will not allow the unloading of animals that are nonambulatory (i.e. downer) or unable to walk off the vehicle under their own power. The exception to this policy will be unloading the animal for euthanizing and disposing of the animal. If an animal becomes nonambulatory after arrival at the Indiana State Fairgrounds, then the following policy will be strictly enforced:
 - a. The owner shall immediately notify the Superintendent in charge of that department.
 - b. The Department Superintendent shall immediately notify the State Fair Veterinarian and the Livestock Director about the animal in question and circumstances evolving around how this condition happened.
 - c. The State Fair Veterinarian, the Indiana State Fair Board member assigned to the department, Department Superintendent, the Livestock Director, the Indiana State Fair Executive Director's designee and the owner (or representative) will consult each other to come to the best decision for the animal with the emphasis being for the well-being of the animal. If the animal in question is a 4-H entry, the Director of Extension or their representative will also be advised. Only the persons that are available need to be involved in the decision. If euthanasia is determined to be the best option, this will be at the owner's expense.
 - d. Livestock that becomes nonambulatory after arriving at the Indiana State Fairgrounds must be disposed of or removed for treatment within 12 hours of discovering or receiving notice of the animal's

condition. If the animal is treatable and the above committee agrees, the owner must remove that animal from the Fairgrounds (at the owner's expense) within the 12-hour period.

19. In the event of an animal dying while at the Indiana State Fairgrounds, the animal's owner(s) is/are responsible for removing it from the Fairgrounds. The timetable is as follows, remove from the building or display area within 30 minutes to either their vehicle or a designated location. ANIMAL HEALTH REQUIREMENTS

FOR EXHIBITION OF DOMESTIC ANIMALS IN INDIANA

2020 GENERAL REQUIREMENTS FOR ALL SPECIES

This document describes the Indiana State Board of Animal Health's (BOAH) requirements for all animal exhibitions in the state. **HOWEVER**, exhibition organizers may impose additional animal health requirements as a condition of entry. BOAH recommends contacting the exhibition organizer for specific information about requirements for each event.

Please call the Indiana State Board of Animal Health at 877-747-3038 with questions concerning animal health requirements.

A. Limitations on Exhibition

This section describes limitations on exhibiting animals in Indiana. Other exhibition limitations may be described in the species-specific requirements that follow.

An owner who is disputing the exclusion of his/her animal(s) from exhibition may not exhibit the animal in question pending any appeal.

The State Veterinarian is authorized to make the final determination as to an animal's eligibility for exhibition. The state veterinarian may order removal of any animal from the exhibition grounds. Exhibition organizers may impose health requirements in addition to those prescribed by BOAH. Added requirements may not contradict requirements imposed by BOAH.

Exhibition organizers may have a licensed and accredited veterinarian review animals and animal health documentation during the exhibition.

B. Certificates of Veterinary Inspection

INDIANA 4-H PROGRAM PHILOSOPHY:

The Indiana 4-H program serves the youth of Indiana by providing a strong educational youth development program. This program delivers educational experiences in a variety of settings. Caring, capable, and contributing adults assist in the 4-H program as role models for youth. The rich heritage of the 4-H program is one to be valued and passed along to future generations. This document sets out certain standards and guidelines to assure that 4-H is a positive youth development program. County 4-H policy is guided by the county 4-H policy-making or governing board (i.e., 4-H council) as provided by the County Extension Board. Legal authority for the 4-H program rests with the Director of Cooperative Extension, Purdue University. No county 4-H policy may conflict with state 4-H policy or federal requirements. Deadlines for county and state participation should be carefully constructed so as to encourage rather than to discourage participation. Such deadlines should be well published. Members not complying with established and

published dates and deadlines for exhibition may be denied the opportunity to exhibit. It is the policy of 4-H to be an inclusive organization. No county policy or practice should be used to arbitrarily exclude youth from either membership or participation. Youth should participate in 4-H Youth Development opportunities at levels and times that best suit the youth's development and support family involvement.

4-H MEMBERSHIP:

Youth may become 4-H members when they enter the third grade and may continue their membership through the completion of grade 12. Each individual may continue membership for a maximum of ten (10) consecutive years. An individual's 4-H grade is determined by the school grade in which he or she is classified at the time of year he or she enrolls in 4-H. A member does not advance in 4-H grade until he or she enrolls in 4-H for the subsequent year. Each member should enroll in the division of a project/subject that would best suit his/her interest and potential for personal growth and would enhance their family involvement. Opportunities in the 4-H program are available to all Indiana youth as defined regardless of race, religion, color, sex, age, national origin, marital status, parental status, sexual orientation or disability. Married young men and women of 4-H age may participate in any of the 4-H projects and activities. However, married persons must participate by the same terms and conditions and/or guidelines as unmarried participants. Membership in 4-H is gained by annually enrolling through a Purdue University Cooperative Extension Service Office located in each of Indiana's 92 counties. The Indiana 4-H Youth Development program year is October 1 to September 30 annually. Enrollment is an annual process attained by completing individual 4-H enrollment via the 4HOnline enrollment process. Statewide 4HOnline enrollment occurs annually October 1 through January 15.

COMPLETION:

The completion of a 4-H experience may include a variety of options and must not be misinterpreted solely as exhibition of a project at a local, county, or state fair. There are a number of ways that a young person may participate in the 4-H Youth Development Program in addition to the club-based option. Participating in these 4-H opportunities enable the youth to build skills that will serve them well throughout their adult lives. Some of these participation options do not include the preparation of a specific exhibit by an individual that would be on display at a fair or similar event. In some cases, the youths' actual participation may be the final product that results in their completion of a year of 4-H. Some examples of this participation include working as a team to develop a robot for a workshop or challenge; completing a Spark Club experience; participating in State 4-H Band or Chorus; taking part in a science training or experiment; participating in an after school 4-H experience; etc. 4-H members are considered complete in their 4-H educational experience for the year when they have (1) completed the 4-H member enrollment process prior to the established and published date for enrolling; and (2) had an officially recognized 4-H volunteer/Extension Educator verify the existence of the completed project/subject or the member's participation in a 4-H educational experience. Additionally, 4-H members who participate in a club- or fair-based 4-H project/subject will submit a completed 4-H record sheet based on printed or web-based educational materials (used by Indiana 4-H Youth Development) prior to the established and published date. Though exhibiting in local, county, and state exhibits/fairs is not required for project completion, as it does not necessarily relate directly to content and skills learned in the development of the 4-H project, project exhibition is encouraged as a continuation of the educational experience. Extension employees and volunteers are obligated to eliminate (and should not create) any practices that limit, deprive, or tend to deprive any youth of opportunities for membership and/or participation in the Indiana 4-H program.

EXHIBITION AT THE INDIANA STATE FAIR:

Exhibition of 4-H projects in local, county or state exhibits/fairs is considered a privilege and is voluntary on the part of the exhibitor. The exhibition of 4-H projects provides 4-H members an opportunity to display their 4-H projects, enter into competition and participate in an educational/social environment with their peers. With exhibition also comes the responsibility for abiding by all of the terms and conditions pertaining to the respective 4-H project. Not following the established terms and conditions of the projects will be grounds for exclusion from the competition/exhibition or the project itself.

1. If DNA is not submitted by May 15th to the County Extension Office that animal is not eligible to show at the Indiana State Fair.
2. An exhibit may not be entered in more than one State Fair 4-H class except in some animal classes where designated. In a State Fair class requiring more than one item, all items must be exhibited by the same 4-H member. All parts of an exhibit made in one class must belong to one 4-H member.
3. All 4-H exhibits at the State Fair must be prepared during the current 4-H year. Eligibility rests solely with the State 4-H Youth Program Leader or their designee on entries in all 4-H classes.

4. Any 4-H exhibit removed from display prior to the official release will be disqualified. Any 4-H placings/prizes (including ribbons, money, medals, trophies, etc.) awarded that exhibit will be forfeited.
5. 4-H exhibitors having an entry in animal classes at State Fair are expected to show their own animals. In cases where this cannot be done, the owner may request another Indiana 4-H member to serve as a substitute showman. Substitute showmen must be approved in writing by the 4-H show manager, 24 hours prior to showing of the animal(s) needing a substitute showman. Requests will only be granted for medical emergencies, conflicts with showing other animals, or circumstances deemed unavoidable by the 4-H show manager. Failure to be excused from a job and/or participation in a band or sporting event or practice will not result in a substitute showman being granted.

4-H ANIMAL OWNERSHIP, POSSESSION AND EXHIBITION:
