However, these items may only be carried within the confines of the barn in which the animal(s) is housed. Knives and other tools carried outside of the barn are subject to confiscation under the deadly weapon rules found in the Indiana Administrative Code, Title 80, Section 11-2-2.
- Any deadly weapon found in the possession of a person while on the Fairgrounds is subject to immediate confiscation by persons authorized to provide security protection services as well as city, county, and state police agencies. Federal, state, or local law enforcement officers or those employed or authorized by the Indiana State Fair Commission are excepted from this rule (Indiana Administrative Code, Title 80, Section 11-2-2(a), (c), and Section 11-2-3 (1) and (2)).
- Any person properly licensed to carry a firearm must secure the firearm in a locked compartment of his/her vehicle and it shall not be visible to passersby (Indiana Administrative Code, Title 80, Section 11-2-2(d)).

- Fire extinguishers are located throughout every barn and building. They may be used for approved purposes only. Do not use a fire extinguisher if you are not trained on its proper use.

- Do not store tack/supplies in primary aisle or in front of exit doors.

Severe Weather

- In the event of severe weather impacting the Fairgrounds, be it a severe thunderstorm or tornado, you may receive instructions over the barn or building public address system. If the barn or building is not equipped with a public-address system, State Fair staff will notify people in person.
- During a severe weather situation, you will be asked to remain inside, away from windows and doors whenever possible. Staff may be instructed to close all doors and windows, including overhead doors.
- Larger barns and buildings will be used for shelter-in-place (points of refuge) to allow Fairgoers to seek shelter. This may cause an influx of people into livestock areas and result in the postponement of a show or exhibition. Exhibitors should be mindful of this, keep aisles and walkways clear, and tend to their animals accordingly.

Food Preparation/Cooking Policies & Procedures

- Cooking inside and adjacent to barns and buildings should be kept to a minimum and in designated areas only. The Indiana State Fair Biosecurity plan recommends that food be excluded from animal areas. If cooking and/or food preparation is necessary, the following policies and procedures must be followed:

Cooking devices must have a cover approved for use with the device and comply with all applicable electrical and fire codes. Cooking devices are also required to be powered by approved cords that are not frayed or malfunctioning in any way.

Animal Wellness & Care

The Animal Wellness & Care Plan (AWAC) was established to reinforce the Indiana State Fair's commitment and belief in the proper treatment of all animals in exhibition. The Indiana State Fair holds exhibitors of the various species of animals being exhibited to the highest standards in wellness, care and ethics of exhibition. The AWAC is responsible for ensuring the most up to date standards as well as to be a source for the public to seek answers to their questions relating to the health and safety of the animals involved in the Indiana State Fair.

Biosecurity

The Indiana State Fair Biosecurity Plan was developed to prevent the outbreak of diseases carried by both animals and humans that spread pathogens that can be transmitted to and from farm animals, as well as through the food supply. Many diseases and pathogens can be prevented through maintaining the cleanliness of facilities and encouraging good hygiene. The Biosecurity Plan will be enforced during the Indiana State Fair and all exhibitors are required to comply with it.

The Indiana State Fair is committed to providing opportunities for all 4-H participants to show their animals as part of the State Fair. The State Fair also wants to ensure the integrity of its 4-H competitions as is evidenced by the various terms and conditions set forth in this Entry Book, including its policy with respect to testing for unauthorized substances in certain animals that are entered into these competitions and the penalties associated with positive results. By entering into these competitions, you agree to these terms and conditions and as such, we strongly recommend that you read this information carefully prior to submitting your entry.

All exhibitors should be familiar with and must abide by the terms and conditions of the Indiana State Fair. Failure to do so may result in loss of the privilege to exhibit at the State Fair and/or ejection from the Fairgrounds.

Music for All Band Day Competition presented by Music Travel

Consultants
Grandstand

Douglas Fletcher, Coordinator bandday@indianastatefair.com

Bill Leeuw
Indiana State Fair Board

Terms & Conditions

1. **Date and Time of Contest:** Preliminary competition in the 2020 Music for All Indiana State Fair Band Day presented by Music Travel Consultants will be held on Friday, August 7, and will begin at 9:00 a.m. (Indianapolis time) on the track in front of the Grandstand at the Indiana State Fairgrounds. The Finals competition of the Top16 bands, plus non-finalist class champions, will begin at 8:00 p.m.
2. **Eligibility:** 1. Band members and students currently enrolled in grades 7 through 12 of the participating school are eligible to participate. 2020 graduates are eligible to participate if enrolled in the participating band's summer school or with written approval of the participating school's band director and principal. Students enrolled in a school other than the participating school may participate if the band director and school principal from the student's school and the band director and school principal from the participating school provide written approval that the student may participate in the participating school's summer marching program. Students in unique situations such as home schooling may participate with the written approval of the participating school's band director and principal and the student's parent or legal guardian. Bands comprised of students from multiple high schools are permitted to participate as, for example, county or combined bands.
2. If it is determined that a participating school used a student that did not meet the above requirements during the 2020 contest, the school may be disqualified and forfeit their placing and all cash awards and travel allowance. In addition, the school may not be eligible to participate in the 2021 contest.
3. **Performance Order and Area:** 1. The performance order is based upon a random draw. However, consideration will be given to travel distance and time zones. Bands within a 60-mile radius from the Fairgrounds (using Google maps from the high school street address to the Fairgrounds street address) will be considered for the first hour of performance times. Bands within a 61 - 100-mile radius from the Fairgrounds will be considered for the next 2 hours of performance times. All remaining bands will be added to the draw for the remaining performance times
2. The contest will be held on the crushed limestone track in front of the Grandstand. The track is 77 feet wide and 100 yards long. Only 73 feet wide will be marked as the performance area visible to the judges. The first four feet are available as an equipment area sideline. The performance area will be marked as follows:
 1. Yard lines every 5 yards
 2. A ready line 5 yards before the start line (0-yard line)
 3. A side line 4-feet from the Grandstand wall
 4. Inserts along each yard line 53 feet, 4 inches from the side line (see #3)
 5. Yard line markers on the Grandstand wall every 10 yards
4. **Warm-up:** a.) Information on warm-up location will be provided to bands prior to Band Day and prior to Finals. Once the contest begins, bands will warm up facing away from the Grandstand. This includes designated time periods on the performance schedule such as lunch breaks and judges' breaks since the contest can run off-schedule. Infield supervisors will be available to assist the bands with warm-up. Infield supervisors will notify band directors or their staff if a violation is noted. If the violation is not corrected, the Band Day Coordinator will be advised. A 10-point pre-performance penalty may be assessed if the band continues to violate the warm-up rule.
b.) Participating bands are reminded to be respectful of other bands during warm-up. Bands should not block the access routes to the back-track warm-up areas preventing bands from transitioning to the warm-up area. The informal warm-up area located in the infield along the back fence is not a transit to the back-track warm-up areas. Be courteous of bands that are using this area for warm-up. Metronomes and other devices should not be used while the contest is underway since this potentially distracts the bands currently performing in front of the Grandstand.

5. **Performance Requirements:** a.) All bands will receive a performance schedule indicating warm-up time, track gate time, track entry time, and performance time. Bands will enter the track at the gate west of the stage. Bands will move to the ready line upon receiving a signal from the starter. When the finish line timer drops the red flag indicating the end of the preceding band's nine (9) minutes of time, the starter will release the next band's props, color guard, and pit equipment (including pit performers) prior to the start of the band's scheduled performance time. This "courtesy/bonus time" is dependent upon the proceeding band not using their entire 9 minutes of time. The starter will then release the band proper at the band's scheduled performance time and the official nine (9) minutes of allotted time will begin. The announcer will begin the band's introduction at the one (1) minute mark of the nine (9) minutes of time unless special arrangements for the announcement have been requested.
- b.) The band will have a total of nine (9) minutes to enter the performance area, perform their show, and exit the performance area. The band's performance (show time) must be a minimum of four (4) minutes. **The band director or designated staff member is responsible for informing the timer when the show has begun and ended.**
- c.) After the performance, the band will exit the performance area. Pit performers, those involved with moving pit instruments, color guard performers, props and prop carriers, directors and staff are exempt from being past the finish line within the nine (9) minutes of allotted time but must be in route with all wheels rolling and all student and adult personnel walking towards the finish line by the time the red flag drops indicating the end of the nine (9) minutes of allotted time. **All organized sound must stop by the end of the nine (9) minute period.**
- d.) Suggested times to best utilize the nine (9) minutes of allotted time is two (2) minutes to stage, four (4) to six (6) minutes to perform, and one (1) minute to exit however, only the minimum of four (4) minutes of performance time and a total maximum of nine (9) minutes of allotted time utilized will be enforced under penalty.
- e.) Bands will be assessed a half (½) point penalty for each five (5) seconds or fraction thereof under the performance time minimum of four (4) minutes OR over the entire nine (9) minutes of allotted time.
6. **Props and Equipment:** Adults **may** be present in the performance area to move props and equipment on to the track during the staging period and may support props during the performance time if necessary. **All** visual effects created by props must be made by students. Regarding props, a visual effect will be defined as **any movement that contributes to and assists with the performance during the performance time.** This includes repositioning of props and working mechanical devices. A 5-point performance penalty will be assessed if the band violates this rule. As a courtesy to all bands and to keep the integrity of the lines on the track, if your performance utilizes a tarp, it should not be dragged onto or off the performance area.
7. **Electronic Equipment:** Electrical outlets are available on both the north and south side of the performance area. **Schools must provide their own extension cords.** One outlet is available on the south (Grandstand) side of the performance area. At least one additional outlet is available on the north (stage) side of the performance area. **All electronic instruments must be played by students during the 4-to-6-minute show time. Devices such as sound boards/mixers can be run and adjusted by students or adults during the performance time.** A 5-point performance penalty will be assessed if the band violates this rule.
8. **Travel Allowance:** A travel allowance (using Google maps from the high school street address to the Fairgrounds street address) will be paid to each participating school according to the following guidelines:
- Zone 1: 1-49 miles (one way) - \$120 per bus
 - Zone 2: 50-99 miles (one way) - \$180 per bus
 - Zone 3: 100+ miles (one way) - \$240 per bus

- Music Execution - 30 points
 - Visual Execution - 30 points
 - Music General Effect - 20 points
 - Visual General Effect - 20 points
- Total: 100 points

11. **Copyright Report & Permission to Arrange:** In order to customize an arrangement of a published work, permission must be granted by the publisher. This law is in place to preserve the integrity of the composer's original work and to give him or her credit they deserve when the work is performed. There are web sites that will provide additional information and assistance in obtaining permission to arrange. Several publishers have on-line request forms.

Band vehicles should not arrive before 6:30 AM. **It is requested that all band vehicles arrive by 1:00PM. Special instructions will be provided to the band directors prior to the event with specific directions to access the Fairgrounds. Attempts will be made to direct the band vehicles away from heavily-traveled Fall Creek Parkway.** Most of these vehicles will enter the Fairgrounds through Gate 16 (northwest corner of the Fairgrounds) and must park in the infield as directed by the parking attendants. Trucks and buses over 10'10" in height must enter the Fairgrounds through **Gate 6** (southeast corner of the Fairgrounds). For ease of parking in the infield, have your entire caravan arrive at the same time. If your caravan includes trucks and buses over 10'10" in height, have the entire caravan enter through **Gate 6**. The Assistant Band Day Coordinator will review your parking needs based upon the information on your Entry Form. Only buses, semis, and equipment vehicles are permitted to park in the designated band parking area of the infield. Passenger vehicles must park elsewhere. Instructions provided by the Band Day staff for parking of the band-related vehicles must be followed. If an individual does not follow the instructions of the Band Day staff for parking a vehicle, the Band Day staff will contact the band director in an attempt to redirect the vehicle to the appropriate parking area. If the Band Day staff is unable to resolve the issue with the band director, the band may be assessed a 10-point penalty as determined by the Band Day Coordinator.
2. If you plan to leave the Fairgrounds after your preliminary performance and return for the preliminary awards ceremony, please bring traffic cones or similar items with your school's name affixed to reserve your spot. This will assist the parking staff with keeping these spots open for your return.
3. Directors will receive Grandstand passes for participating band members when they check in upon arriving in the infield parking area. This will admit band students only to the Grandstand to watch band performances for free. If the band students use their day passes and need additional passes for finals, directors may obtain additional passes from the Band Day Coordinator or infield supervisors prior to finals. Seating is in the end sections of the Grandstand. Students should not use these tickets to sit in seats where patrons have purchased tickets.

After completion of the preliminary session, the weather and performance area will be evaluated, and a decision will be made by the Band Day Coordinator and Indiana State Fair officials to determine whether the finals session can be held. In the event the performance area cannot be used for marching during the finals session, a decision will be made whether the bands can give stand-still performances. If a stand-still performance is given for finals performance, each band will be judged on music execution and music general effect. The preliminary visual execution and visual general effect scores will be included to determine the band's final score.
