SERVICE: Invoice for the State Personnel Board's Appeals Division Hearing Office - Evidentiary Cases.

Government Code Sections 18671.2 and Education Code section 87164 establish the authority for the Board to recover all cost to maintain and operate the hearing office in the processing of evidentiary appeals and complaints. The Board shall be reimbursed for the entire cost associated with processing said appeals and complaints by state agencies, California State Universities and Community College Districts.

The billing methodology for fiscal year 2018-19 continues to be based upon the immediate three prior fiscal years. Accordingly, the total number of appeals and complaints received per department during the prior three fiscal years is multiplied by the cost per case established for the current fiscal year. The cost per case is derived by dividing the total cost of in processing these cases for the fiscal year to be billed by the total number of evidentiary appeals received by SPB for the immediate three prior fiscal years.

Attached is your case data from fiscal year 2017-18. You should have information from fiscal years 2015-16 and 2016-17 in your files as they were the basis of prior year billings. Although the billing methodology is based on the prior three years of cases, this is an annual bill and, therefore, should be paid from your current year appropriation (fiscal year 2018-19).

Pursuant to GC § 18661 and 18662 the SPB is authorized to recover costs, via direct transfer from the State Controller's Office.

Please contact Joleen Martin at (916) 322-9798 if you have any questions.
