For Immediate Release

Latah County Fair 2020 “Lights, Camera... Agriculture” September 17-20, 2020

The Latah County Fair Board continues to optimistically plan for an in-person 2020 Latah County Fair. The Fair Board is developing multiple contingency plans, should they be needed, to comply with any governmental orders that may be in place at the time of the Fair. Public health of our community is a priority focus for this event.

There will be multiple layout and programming changes to different areas of the Fair including but not limited to:

- A different layout for the displays in the main exhibit building, and an expanded layout for our inside and outside vendors, to provide more room so patrons can practice physical distancing
- Expanded times and locations for exhibit check-in and pick-up
- Addition of extra hand wash stations and hand sanitizer stations around the grounds
- Pre-sale carnival tickets will only be sold at the Fair Office.

Additionally, in order to increase public health and safety, a couple of programs will not be offered this year:

- Adult Open-Class in the Rabbit and Poultry Shows, this will allow the youth exhibitors more space to spread out inside the barn
- Farm to Table workshops in the Latah County Community Kitchen space.

More changes may be implemented as they are needed, to accommodate social guidelines that may be in place during the Fair.

We hope to see you at the annual Latah County Fair “Lights, Camera ... Agriculture”, September 17-20, 2020. A celebration of the special and amazing qualities of life in Latah County.
