PROGRAMS - Various programs are available to you in LCDC, unless you are restricted by classification or for disciplinary reasons. Programs are subject to change as our needs change and security permits. Some of the programs include religious services, life skills classes, and GED and ESL classes. Detainees who want to attend programs other than religious services will be required to complete a request form directed towards our programs officer for approval and scheduling. It will be your responsibility to be properly dressed and ready at the appropriate times. If you are not ready when the call is made, you will not be allowed to attend. Please check with your post officer for the schedule. Any abnormal behavior during these classes will result in your immediate removal. We reserve the right to determine exactly what abnormal behavior might be.

PROPERTY - LCDC will not be liable for property over the amount of \$50.00. Detainees have the opportunity to release all property except for one pair of pants, one pair of shoes, and one shirt. Detainees choosing to have property stored at our detention center do so at their own risk. Expensive clothing and jewelry should be released for safe keeping. Do not leave it here and expect the detention center to pay you for it. If the property you have stored here is lost LCDC may pay up to fifty dollars towards replacing it regardless of how many items may be missing. This \$50.00 is not how much the detention center will pay per item, it is how much the detention center will pay for all your property. It is your responsibility to make arrangements to have your property released. Contact your family or friends and have them pick up your property Monday through Friday, 8:00 a.m. until 4:00 p.m. or have them call the detention center and schedule a convenient pick-up time with the records department. Then contact the post officer and request a property release form. Follow the directions on the form or have the post officer assist you in filing the form our correctly.

PROPERTY RELEASE - You may release personal property Monday through Friday 8:00 a.m. to 4:00 p.m., including funds, to an outside party upon completion of the

detainee property release form. The form must be completed and signed by the detainee and returned to your post officer prior to the release. The money or property will only be released to the person designated on the release form. The receiving party must furnish identification before the property or money will be released to them. The completed receipt is then forwarded to the appropriate records officer for filing. No property or money will be exchanged between detainees under any circumstances. Detainees being released cannot give away their property to other detainees. Items left behind will be removed and destroyed. When releasing property, you must release all of your property not just part of it. Your clothing must remain in your property bag to ensure you have clothing upon being released from custody. When releasing funds, you can only release funds to someone listed on your visitation list.

RECREATION - Recreation is held on a set schedule within your housing area. Detainees of lower classification receive longer and more frequent opportunities to use the recreation areas in groups. Those of the highest classifications or with known management issues will receive even stricter scheduling as well as not being allowed to use the recreation area, and will spend their hour out in their housing area.

RECREATION RULES

1. No detainee will climb on the walls, or any other equipment or structure in the recreational area.
2. No detainee will tamper with or alter any lock or equipment in the recreational area.
3. You will leave the recreation area promptly as directed by your post officer.
4. No detainee will kick or sit on the basketball.
5. No candy or other items will be allowed on the recreation floor.
6. No head gear is allowed on the recreation floor.
7. No dodge ball.
8. No taunting or harassment of other detainees.
9. Uniforms will be properly worn at all times during recreation activities.

These recreation rules are subject to change at the detention center's convenience. Violation of the recreation rules will result in the loss of the detainee's recreation privileges.

RELIGIOUS ACTIVITIES - Clergy visitation will be allowed as per the current schedule. This schedule is subject to change as the detention centers needs require. A maximum of fifteen (15) detainees will be allowed at any one-time during clergy visitation. Detainees are expected to conduct themselves in an appropriate manner.

REQUEST FORM – Detainees are allowed to submit request forms for information, explanations, or solutions from various departments including: classification, records, finance, medical or programs. The request forms are available on the kiosk in the housing pod. These forms will be forwarded to the appropriate department, will be answered and returned within five working days. If there is a delay you will be notified.

TELEPHONE PRIVILEGES - Telephones are located in your dayroom area. Telephone calls are either collect or made using the detainee debit calling system. The debit calling system takes money off the detainees account and places it in their phone account so they can make direct calls to family and friends. To make a call, lift the receiver and follow the directions as given by the recording. Hours for telephone use will be after morning headcount to immediately before evening headcount. During holidays you can expect a period of high demand on the phones. This high demand may prevent you from completing a call when you place it. Detainees must be patient during these times and try their call again after ten or fifteen minutes. Emergency phone calls must be approved by a Lieutenant. Only life-threatening conditions will be considered an emergency. We will call your emergency contact first to verify the emergency; then we will contact hospitals and police to get positive verification. When the emergency is verified to our satisfaction, you will be provided a phone call. Phone calls may be monitored and recorded. Detainees may only use the PIN assigned to them. Using another detainee's PIN is subject to disciplinary action. Phone calls deemed to have been made with 3-way call functions are subject to disciplinary action and the call being terminated.

TRUSTEE STATUS - You may apply for trustee status after you are classified and moved to a housing unit. This will give you additional privileges such as extra visitation, food items, additional commissary items and coffee when you are working. If your judge allows it, your time working may also be applied toward your community service hours. If you are selected to participate in the detainee worker program you will be required to

maintain an increased level of personal appearance. Detainees participating in trustee programs are required to remain clean shaven.

UNIFORM WEAR – You are required to be in full uniform in order to pick up your breakfast tray and remain in it until evening headcount has cleared. There is no exception. Detainees who return a uniform to the laundry which has been damaged will be disciplined. Typically, this includes but is not limited to, removal of the elastic around the waist, removal of the collars, removal of the sleeves, gang markings, and excessive wear and tear beyond normal use.

VIDEO VISITATION – *These visits are subject to recording and monitoring.* Video visitations are restricted to detainees who have been classified and are assigned to a housing unit; detainees housed in the Medical unit or the Receiving and Discharge unit will not be allowed video visitation. Video visits will be the only means of visitation, with the exception of valid legal counsel, detainees who are trustees for a minimum of 30 days, and special visits authorized by the supervisor on duty. Video visitations can be scheduled any day of the week, Sunday-Saturday, from the hours of 0700-1900 with intervals to remain unscheduled between the hours of 1200-1300 and 1700-1800, to allow for lunch and dinner services. Tango unit has a separate schedule which allows for visits during lunch and dinner with extended hours to coincide with the detainee's hour-out schedule from the hours of 0700-2045. **Video visitation is a privilege not a right.** Any abnormal or inappropriate behavior will restrict you from this privilege. The visit can be canceled at any time before or during the visit if inappropriate behavior by the visitor or detainee is observed. There will be no age limit for video visits and up to five people can schedule a visit on any given day with only one visitor allowed in the cubicle at a time; except with children under the age of 16 who must be accompanied by a parent/guardian. Everyone who schedules a visit must be on the detainee's authorized visitation list; with exception to children under the age of 16 who must be accompanied by a parent/guardian listed on the authorized visitation form. Visitors are required to show proof of identification in the form of a government issued ID and will be required to sign in on a log maintained in Central Control. The authorized visitation form is completed upon a detainee's initial intake and will allow for five friends or family members to be added. The authorized visitation list can then be modified only on the first Sunday of each month.

Those persons on the authorized visitation list must schedule one day prior to the visit with the Central Control or by visiting www.videovisitananywhere.com. These visits will be scheduled on a first come first serve basis and will last for 45 minutes. These visits are limited to two visits per a week for each detainee with only one visit allowed per a day. The video visit is programmed to disconnect after 45 minutes and may not prompt before doing so. Detainees and visitors should keep track of the time in order to allot enough space to say goodbye before the visit terminates. Central control officers will turn the visitation system on at the scheduled time of a detainee's visit regardless as to whether the visitor has arrived or the detainee is prepared. If the detainee or visitor is unprepared or arrives late, the visit will only last whatever remains of the 45 minutes from the time the visit was initiated. The schedule will not be deviated from to ensure fairness for other detainee's visits and the proper functioning of daily operations. Should the video visitation equipment fail, reasonable attempts to correct the issue will be taken. If the problem is unable to be resolved, the visitation will be canceled. Face to face visits will not be given as a substitute to video visitation. Visitors must comply with the rules and dress codes posted in the visitation area. It is the responsibility of the detainee to notify their family and friends of the dress code. Visitors are not allowed to wear shorts, dresses, or skirts. The visitor's legs must be covered. Visitors are not allowed to wear strapless tops, tank-tops, sleeveless shirts, or any revealing blouse or shirt. No see-thru clothing or bare midriffs allowed.

VISITATION (Face to Face – General) – Face to face visits are reserved for trustees who have been so for a minimum of 30 days, valid legal counsel, and special visits approved by the supervisor on duty. Your attorney may visit you at any time except during meals. There are no restrictions as to the number of attorney visits you may have or how long they may last. Attorney visits have priority over all other visits.

VISITATION (Face to Face – Special Visit) – Special visits are reserved for friends or family members of detainees who live a minimum of 250 miles from Lovington, NM. Visitors who meet these criteria are required to show proof of residence in the form of a government issued picture ID. The detainee must fill out a form requesting special visitation and submit it to the supervisor for approval in order to allow for the special visit to be scheduled. Visitors must be at least sixteen years of age, unless approved by the

supervisor on duty in the case of special visits. Proof of age is required. Special visits will be allowed one time a month and will be an hour in length. If special visits are scheduled for one detainee consistently each month, they will cease to be special visits and will be subject to the rules of video visitation. Visitors are responsible for scheduling the visit one day in advance with Central Control. As with the video visitations, the visitor must be on the detainee's approved visitor list with concession given for special visits as approved by the supervisor on duty. You must exit the visitation area when told to do so by the officer. This will allow all detainees the opportunity for their visits. Visitors are required to abide by the same dress code as described in the video visitation section. Any disruptive behavior will be grounds for termination of the visit. Please keep in mind we will not call you out to visit if you are in any program, recreation, etc. This is to maintain proper accounting of all detainees by the post officers. Restraints will be utilized in varying degrees during visitation depending on classification. Failure to comply with restraints will constitute a voluntary refusal of visitation. The current visitation schedule is subject to change at our convenience for safety and security reasons. Ask your post officer for the schedule which is presently being used.

VISITATION (Face to Face – Trustee) – Face to face visits for trustee detainees are subject to the same length and frequency as the video visits with two visits allowed per a week and only one visit per a day with a length of 45 minutes. Visitors are responsible for scheduling the visit one day in advance with Central Control. If the safety and security of the facility dictates, trustees may have to substitute face to face visits for video visits. As with the video visitations, the visitor must be on the detainee's approved visitor list. You must exit the visitation area when told to do so by the officer. This will allow all detainees the opportunity for their visits. Visitors are required to abide by the same dress code as described in the video visitation section. Any disruptive behavior will be grounds for termination of the visit. Please keep in mind we will not call you out to visit if you are in any program, recreation, etc. This is to maintain proper accounting of all detainees by the post officers. Restraints will be utilized in varying degrees during visitation depending on classification. Failure to comply with restraints will constitute a voluntary refusal of visitation. The current visitation schedule is subject to change at our convenience for safety and security reasons. Ask your post officer for the schedule which is presently being used.
