

CONSUMER PROTECTION PROGRAM (E.coli) WORKSHOP REGISTRATION INFORMATION

- Part 1 Introduction to enteric pathogens: what they are, the impact to fairs, what's at stake
- Part 2 Understanding enteric pathogens: some microbiology!
- Part 3 Analyzing your facility (everyone brings maps, diagrams of their own fair and time is spent analyzing flow)
- Part 4 Improving Operational Procedures: signage, hand-washing, waste management, etc.
- Part 5 Site evaluation exercises: each attendee examines their own facilities and works on ideas/plans
- Part 6 Record-keeping
- Part 7 Creating the Consumer Protection Plan: Each attendee receives a 3 ring binder with all the details from the PowerPoint presentation, templates and the tools to go home and work out a plan that is best for their fair. The IAFE provides certificates of training to each attendee.
