FOR USE AT THE MANATEE COUNTY FAIR AND AS THE 4-H PROJECT RECORD BOOK

Note: The County Fair rules require that you submit a Care and Feed Record Book to them (check with the Fair Office for due date) if you enter any animal in the County Fair even if you don't show that animal for any reason. If you do not turn in a record book to the Fair, you cannot show ANY animal at next year's County Fair.

Purpose

The purpose of a 4-H dairy and dairy goat project is:

- To become aware of the scope and economic significance of the dairy industry.
- To acquire skills in dairy production through ownership and the care of dairy animals.
- To learn marketing, processing, distribution, consumption, and use of dairy products.
- Learn and practice principles of cleanliness and sanitation as applied to the production and care of dairy products.
- To understand the business aspects and economics of purchasing animals, feeds, facilities, and equipment for a dairy project.
- To develop integrity, sportsmanship, and cooperation.
- To develop leadership abilities, build character, and assume citizenship responsibilities.

4-H Dairy and Dairy Goat Care and Feed Record Book Guidelines:

It is suggested that a copy of the record book be made for use as a work copy. Records should then be transferred into this book for submission.

- Your record book should start with the **purchase date of your animal or September 1st of the current 4-H year (for ongoing project animals)**.
- Your record book should contain information relating only to your current dairy or dairy goat project animals. If you have more than one project animal you must identify which animal when completing the various sections of this record book.
- Always double-check your math and have someone check your project Story/Essay for spelling and grammar before you write it in the final record book.
- **Your final record book must be hand written by the 4-H'er (Juniors may use pencil or pen, Intermediates & Seniors must use pen, however the Project Story /Essay may be typed (on 8 ½ X 11, single-sided paper, in a 12 point double spaced font, by the 4-H member and attached.**
- **Junior members (age 8-10) Recommended Story/Essay length is no less than 1page.**
- **Intermediate members (age 11-13) Recommended Story/Essay length is no less than 2 pages.**
- **Senior members (age 14-18) Recommended Story/Essay length is no less than 3 pages.**

I. PROJECT INVENTORY * (to be completed by Fair Record Book check in)

List all equipment and assets you had at the beginning of the project. After listing existing inventory, you should also list those items you purchased this year. **List items you will keep past the end of this project on this page only** (inventory examples include clippers, blowers, chutes, tack, etc.) **DO NOT** list expendable items such as shampoo, etc. **The current year begins with the purchase of your animal or Sept. 1st of the current 4-H year (for ongoing projects). Project ends with either sale/death of animal or when the record book is turned in to 4-H for judging.**

XII. MILK PRODUCTION RECORD * (to be up to date by Fair Record Book check in)

List the average monthly amount of milk produced (in pounds) by each animal. The measure for lactating dairy goats may vary but must be identified. Record the income received from milk sales if you receive a milk check. If your animal is housed at a dairy, contact that dairy for monthly production records. If you exchange milk for housing/care with the dairy, you should still record the milk produced but indicate below that you do not receive income from milk produced by your cow/s. If your animals are not lactating enter zero.

XIII. GROWTH AND DEVELOPMENT RECORD * (to be up to date by Fair Record Book check in)

1. Measure heart girth and height at withers of your animal at one month intervals.
2. Plot numbers on the charts below. (If your animal weighs 200 pounds at two months and is 40" in the heart girth, put a dot where two months and 40" meet.)
3. Use this same procedure through to 18 months and then join the dots using straight lines.
4. Use different colored pencils when putting more than one animal on a chart.
5. This record does not need to be completed on every animal, but once completed a few times, will teach you how to measure growth rate.

PROJECT TERMS AND EXPLANATIONS

NOTES FOR PROJECT INVENTORY (page 3)

- **Project Year** - Based on a calendar year. Current project year is same year as current Fair year.
- **Date Acquired** - List the date you obtained this item, on items older than one year, list only the year.
- **Purchase Cost or Value** - What did this item cost when you obtained it? (Fair market value)
- **Value at Beginning of Project** - Same as the purchase cost of items bought during the current calendar year. On items from previous years this will be the value from last year's ending inventory or the depreciated value of 10% of the purchase cost per project year.
- **Depreciation of 10%** - This will be 10%, per calendar year, of the original purchase cost for the items you will still have at the end of the project. This includes items you had at the beginning of the project as well as items purchased during the current calendar year. Depreciation is the loss in value of your assets and is an expense.
- **Value at the End of the Project** - This is the value at the beginning of the project minus the depreciation.

Examples:

Items Description	Date Acquired	Purchase Cost or Value	Value at beginning of project	Depreciation (10% of purchase cost, for this calendar year)	Value at end of project
