FOR USE AT THE MANATEE COUNTY FAIR

Note: The County Fair rules require that you submit a Care and Feed Book to them (check with the Fair Office for due date) if you enter any animal in the County Fair even if you don't show that animal for any reason. If you do not turn in a Care and Feed Book to the Fair, you cannot show ANY animal at next year's County Fair.

Purpose

The purpose of a Poultry project is:

- To acquire an understanding of animal care by preparing for, purchasing, caring for, and keeping records on one or more animals.
- To understand the business aspects and economics of purchasing animals, feeds, facilities, and equipment for an animal project.
- To keep an account of all your activities and accomplishments in one place.
- To develop integrity, sportsmanship, and cooperation.
- To develop leadership abilities, build character, and assume citizenship responsibilities.

Poultry Care and Feed Book Guidelines:

It is suggested that a copy of the Care and Feed Book be made for use as a work copy. Records should then be transferred into this book for submission.

- Your Care and Feed book should start with the **purchase date of your animal or September 1st of the current school year (for ongoing project animals)**.
- Your Care and Feed Book should contain information relating only to your current poultry project animals. If you have more than one project animal you must identify which animal when completing the various sections of this record book.
- Always double-check your math and have someone check your Project Essay for spelling and grammar before you write it in the final Care and Feed Book.
- **Your final Care and Feed Book must be hand written by the exhibitor (Juniors may use pencil or pen, Intermediates & Seniors must use pen, however the Project Essay may be typed (on 8 ½ X 11, single-sided paper, in a 12-point font, double-spaced, by the exhibitor and attached.**
- **Junior members (age 8-10) Project Essay length is at least one (1) page.**
- **Intermediate members (age 11-13) Project Essay length is at least two (2) pages.**
- **Senior members (age 14-18) Project Essay length is at least three (3) pages.**

I. PROJECT INVENTORY * (to be completed by Fair Book check in)

List items you will keep past the end of this project on this page. List all equipment you had at the beginning of the project as well as those items you purchased this year. (Inventory examples include wash tubs, clippers, feeders, waterers, cages/coop etc.) **DO NOT** list expendable items such as bedding. **Wear and tear occurs on equipment we use from year to year. These items will depreciate (go down in value) each year we use them. By listing the depreciated value you will have a more accurate value of your inventory at the end of the project.**

PROJECT TERMS AND EXPLANATIONS

NOTES AND EXAMPLES FOR PROJECT INVENTORY (page 3)

- **Project Year** - Current project year is the current 4-H year or School year.
- **Year acquired** - List the year you purchased/obtained the item.
- **Purchase cost or value** - What did this item cost when you purchased/obtained it? (Fair market value)
- **Depreciation of 10%** - This will be 10% of the original purchase price. $\$7.30 \times .10$ or $(10\%) = .73$
- **Value at Beginning of Current Project Year**- If purchased in current year the value is the purchase price. If purchased in previous year(s), i.e. 2016, there are 4 years from 2016-2019. Depreciate for 3 years to get beginning value for current year $.73 \times 3 = \$2.19$ $\$7.30 - \$2.19 = \$5.11$ Beginning value of current year.
- **Value at the end of the project**- This is the value at the beginning of the project minus the depreciation. Depreciate for one additional year to equal the 4 years mentioned above. $\$5.11 - .73 = \4.38 (Value at end of project)

Examples are done assuming the current year is 2019

Items Description	Year Acquired	Purchase Cost or Value	Depreciation (10% of purchase cost)	Value at beginning of current project year	Value at end of project
Feeder	2016	\$7.30	\$.73	Depreciate for 3 years \$5.11	Depreciate for 1 more year \$4.38
Cage	2017	\$19.60	\$1.96	Depreciated for 2 years \$15.68	Depreciate for 1 more year \$13.72
Wash tub	2018	\$5.85	\$.59	Depreciated for 1 year \$.59	Depreciated for 1 more year \$.526
Nail Clippers	2019	\$9.10	\$.91	No Depreciation \$9.10	Depreciate for this year \$8.19
Total Depreciation*			\$4.19		
Value of Project Assets					\$31.55

*Depreciation is an expense

10% depreciation: $\$7.30 \times .10$ or $(10\%) = .73$

Value at the beginning of current year if the year is 2019:

From 2016-2019 is 4 years, depreciate for 3 years to get value at beginning of current project year.

$.73 \times 3 = \$2.19$ $\$7.30 - \$2.19 = \$5.11$ (value at beginning of current project year)

$\$5.11 - .73 = \4.38 (value at end of project)
