### Entry & Exhibit Guidelines:

1. Only LEGO® brand bricks may be used. Your build must consist of LEGO® ONLY. No painting of LEGO® bricks. MontanaFair requires that each exhibit be on a LEGO® baseplate or some kind of non-bendable board. Example: Firm cardboard is acceptable, but poster board is not. The basis of the rule is so that exhibits do not get destroyed or rearranged during display setup. The plate used can be LEGO® compatible and does not need to be LEGO® brand. If you have questions, please call the entry office.
2. Entries must be your own creation, not a LEGO® design kit, product found online, in a magazine, etc.
3. Exhibitors not following rules #1 and #2 will be disqualified. Exhibits will be displayed but will not be judged.
4. Two entries per exhibitor allowed in this division. Entries must be in two different classes, (i.e. one entry in Class #101 and one entry in Class #102).
5. Entries must include a description of your inspiration/idea and any unique elements you want to point out/highlight for the judges to notice. Descriptions will be used in judging and will be posted by your exhibit.
6. Please attach a contact name and phone number with your exhibit when you bring in the exhibits. This must be attached, NOT on the display.
7. Entries will be placed 1<sup>st</sup> – 6<sup>th</sup> for premiums and ribbons. All other exhibits will be awarded a participant ribbon.

8. Parent or guardian must approve online entry. By submission of entry, exhibitor (and parent/guardian) agrees to a non-liability release for MontanaFair. Although we will do our best to secure your display, MontanaFair, Yellowstone County, MetraPark, Bricks & Mini-Figs and all representatives, employees and volunteers of such are exempt from liability from any loss, theft or damage to exhibit. By submission of online entry, this release is considered valid.
