

VENDOR BOOTH SIZES – 10', 20' or 30' = CUSTOMER FRONTAGE / SERVICE

PLEASE NOTE THAT YOUR CUSTOMER FRONTAGE AREA RUNS PARALLEL TO THE FRONT LINE OF YOUR BOOTH SPACE.

Your trailer / canopy / merchandise must fit completely inside the booth space you purchase. Your space will be outdoors, on ground with access to electricity. Food vendors will also have access to water. You must provide any canopy, tent, tables, chairs, trailer, shelter, fixtures, electrical cords, water hoses, etc.

You must indicate to festival organizers which side of your vendor space you will be serving your customers. We must know this information to be able to lay out the festival / vendor areas. Your space requirements, electrical requirements and customer service areas have to be communicated properly to the festival organizers. Please take the time to fill out this paperwork properly.

This is a duplex 15 amp 110 outlet – all vendors have access to this type of plug within 100' of their booth space.

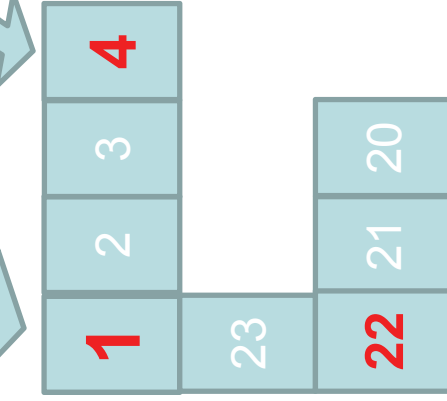

If you have other electrical requirements – please check with the festival organizers about cost and availability of 30 amp service.

BOOTH REQUIREMENTS

Trailer hitches, awnings, bumpers must all fit within the purchased booth space.

Choose your top three choices of vendor spaces. Record numbers on application.

Food booths must have a over head covering and a cleanable floor.

All parts of the booth must fit inside the purchased booth space, this includes condiments.

All food booths must have a 2 lb. multi purpose (ABC) rated fire extinguisher.
