For Immediate Release:

Conservation Society Re-elects Margie Arnold as Chairman of NIOSA®

Margie Arnold has been re-elected by the [San Antonio Conservation Society](#) as its Fourth Vice President, with the primary responsibility of chairing the 71st presentation of the Conservation Society's "[A Night In Old San Antonio®](#)" (NIOSA®), to be held Tuesday through Friday evenings, April 23-26, 2019 during the city's Fiesta San Antonio celebration.

NIOSA is the top fundraiser for historic preservation in the nation and truly lives up to its motto as a "Celebration for Preservation." This four-night festival in the heart of downtown San Antonio celebrates the city's diverse cultural legacy for more than 85,000 revelers annually. Through the magic of 200-plus food, drink and atmosphere booths; 13 continuous live musical acts; two traditional ethnic dance troupes; children's games; decorations; souvenirs; and costumed volunteers, NIOSA brings the city's heritage alive in 15 cultural areas that celebrate the city's past residents and settlers.

In the past ten years alone, more than \$12 million has been netted at NIOSA to fund the Conservation Society's mission to "preserve historic buildings, objects, places and customs relating to the history of Texas and all that is admirably distinctive to the state." NIOSA proceeds support restoration and preservation of historic properties and parks throughout the city and neighboring counties, as well as education and advocacy programs and projects such as the Heritage Education tours, seminars, community tours, scholarships, resource library and house museums.

As the NIOSA Chairman, Arnold volunteers her time all year to plan and coordinate the four-night event, assisted by four NIOSA vice chairmen Sharon Hearn, Dee Wright, Jana Foreman and Julie Terrill, and NIOSA treasurer Jackie Fellers.

"As I look back at the 70th anniversary of 'A Night In Old San Antonio,' I am incredibly thankful that it was completed so successfully and so safely. Successfully in that we had multiple nights of record attendance and revenue, even with the rain and thunderstorms on Wednesday night. Safely in that we had no incidents and the new bag screening procedure to ensure a safe and enjoyable environment for our attendees and volunteers (i.e. any bags larger than 12" x 12" x 6" and all backpacks were prohibited) was universally accepted," says Arnold. "Those new procedures will now be SOP (standard operating procedure) for all NIOSA events going forward."

Arnold has a lengthy history with NIOSA as a volunteer—serving as NIOSA Chairman in 2018, and before that serving as a NIOSA Vice Chairman from 2015-2017. Prior to that she served as Area Vice Chairman of Haymarket for two years, and as a Vice Chairman and Area Chairman of Clown Alley for eight years. She also volunteered in a souvenir booth, the Anticuchos booth, the Finance Room, and Surplus Foods.

She has served the Conservation Society in numerous capacities since she was elected to its Board of Directors in 2013. She served as its Treasurer for 2015-2016, and also has chaired the Advance NIOSA Member Ticket Mailout, Historic Preservation Month and Seminar, Properties Restoration and Utilization, and Community Building Grants committees.

After a 21-year stint in the Air Force, Arnold started working for the Conservation Society in 1998 as an independent contractor doing accounting work, which segued into the NIOSA bookkeeper position in 2000. When 9/11 occurred in 2001, she chose to serve her country again as a Department of Defense and Homeland Security contractor until 2015.

Founded in 1924, the San Antonio Conservation Society is one of the oldest and most active community preservation groups in the United States. Beginning with efforts to prevent historic structures from being razed and to preserve such unique sites as the city's Spanish Colonial missions, the society has been responsible for saving most of the historic attractions that now make San Antonio one of the top tourist destinations in Texas. The Society was integral in the recent Missions' nomination as an UNESCO World Heritage Site initiating the UNESCO nomination process in 2006 and continuing to support the nomination until its success in 2015.
