Show Rules

1. Exhibitor Showing Requirements:

Exhibitors will be required to show their own animals. A substitute exhibitor may be allowed to present an animal for classification or in the show ring during official judging at the sole discretion of the Department Superintendent; 1) if the exhibitor has documented health reasons after arrival at the Fair, or 2) if an exhibitor has more than one entry in the Youth Livestock Show showing at the same time. Any substitute exhibitor must be a bona fide member of 4-H or FFA. In no case may a parent, agent or advisor present any animal for judging.

2. Exhibitor Responsibilities (Animal Care & Delivery):

Each exhibitor is responsible for the care, showing and selling of his or her own animals until the Superintendent has issued a release. If livestock is not properly cared for, labor, feed requirements and other necessary items will be supplied, with all costs thereof charged against such exhibitor. Any sale money won by such exhibitor will be withheld under such circumstances to apply toward any expenses incurred. Exhibitor's failure to provide proper care to his or her animals will be subject to the penalties outlined in these rules.

3. Animal Inspections:

As a condition for participation in the Show, every exhibitor must agree to submit any animal entered by exhibitor to inspection by a veterinarian appointed by the management, FDA, USDA/FSIS, New Mexico Department of Agriculture, and/or New Mexico Department of Health and agrees to have such animal submitted to any tests as may be designated and requested by the Veterinarian or Fair Official.

The State Fair specifically reserves the right to have hair, tissue, blood or urine laboratory analysis made on any animal entered for competition. The conclusions reached by the veterinarian, as to whether such animal has been administered or given a substance or drug in violation of the rules or has not been properly withdrawn from approved drugs shall be final, without recourse against the State Fair or any of its officers.

In addition, during the Fair, every exhibitor agrees to allow NMSF officials to collect hair follicles. These hair follicles may be used to perform analyses to verify identification of an entry in the show using the DNA sample collected at the time of enrollment. Any and all samples collected are the property of the NMSF and may be compared with samples collected by other fairs in order to confirm entry identification.

4. Winners' Eligibility to Show:
