Red clover variety trial – Nicole Anderson (OSU)

Weed management in clover – Andy Hulting (OSU)

Clover casebearer and seed weevil research updates – Navneet Kaur (OSU)

Insecticide screening for aphids and clover pesticide updates – Dani Lightle (OSU)

Registration details:

The webinars are free, but **registration is required** in order to provide your ODA license number and get recertification credits. Registration is fast, simple, and can be done right up until the start time of each webinar (but not late). The webinars are not linked so participants will need to register separately for each webinar of interest. Only attendees who have registered **and** attend will be eligible for ODA recertification credits. Please register and attend via an individual device. To access polls you must have the Zoom software downloaded. If you have trouble registering or are worried about your ability to access the webinar, please contact Betsy Verhoeven at 503.779.8217 or Nicole Anderson 503.553.9922 for assistance.
