Providing and encouraging Parks & Arts in Palestine, for a better quality of life for residents and visitors.

This is an ongoing improvement initiative for the quality of life for citizens of today. It will be a "drive-by" improvement to the city's entrances and open space areas.

Commemorating Palestine's Railroad past, which started in 1872, and recognizing the contributions of the railroad companies, offices and yards located here, and most especially the PEOPLE of Palestine and their family railroad heritage by:

1. Facilitate a Sculpture Show by providing the stands necessary for visiting artisans to display their outdoor sculpture in a juried show for public viewing, the organization of which will be provided by Main Street Palestine.
2. Commission and fund a life-sized bronze statue by artist Dale Montagne representing the rail industry in 1872.
3. Develop and encourage plans for infrastructure improvements and layout of projects at the Visitor Center, Spring and Oak St including a gateway feature and artistic signage.

For more information on these and other projects contact Palestine Main Street at (903) 723-3014.
