An exhibitor of an animal producing an analysis with **an unapproved** drug residue as prohibited in this rule, will forfeit all current premium monies and may forfeit future rights and privileges to exhibit at the Pasadena Livestock Show. The conclusions reached by the Livestock Advisory Committee, as to whether such animal has been administered an un-approved drug, shall be final, without recourse against the PLS&R or any of its officers, directors or employees.
- b. Animals under the care of a licensed veterinarian and/or taking any type of performance enhancing or other unapproved medications to include, but not limited to steroids such as dexamethasone, diuretics, anti-inflammatories, tranquilizers, local and systemic anesthetics, caffeine, alcohol, and any other drug not medically indicated are ineligible for competition. Unapproved means not approved by the U.S. Food and Drug Administration (FDA) or the U.S. Department of Agriculture (USDA) for slaughter animals including animals that may be destined for human consumption. The use of a FDA approved drug in an unapproved species will constitute unapproved drug use.

In most instances, the time interval for the animal's urine or other tissues to be negative for the drug is longer than the withdrawal time listed on the label. This means that the animal's urine or other tissues must be free of all drug residues at the time of check-in and at any time subsequent that the show management wishes to collect samples.
- d. Failure to cooperate on the part of the exhibitor is reason to exclude the exhibit from sale.
- e. The Livestock DVM will not treat any of the exhibit animals on the Show ground. If any exhibitor feels his/her animal needs veterinary care, they must contact their Agricultural Science Teacher and/or they have the right to withdraw their animal from the Show and seek veterinary care. Once any animal leaves the premises, it may not return. Only emergency veterinary care will be allowed on the premises which will result in disqualification from the Show.

Exhibits showing, in the opinion of the Show Management, signs of having been unethically fitted will be disqualified. As a condition for participation in the Show, every exhibitor must agree to submit any exhibit entered by exhibitor to inspection by a veterinarian appointed by the management, and agrees to have such exhibit submitted to any tests as may be designated and requested by the veterinarian, and agrees that the conclusions reached by the Show Management as to whether such exhibit is unethically fitted or over age, shall be final, without recourse against the Show or any of its officers.
