4. No trade after list is completed (Friday prior to Round-Up).

13. Judge's decision will be final.
14. Please keep in mind that the Pendleton Round-Up Assoc. wants to continue to keep Wild Cow Milking as an event for local competitors. However, keeping this non-sanctioned event depends largely upon the competitors and their conduct. **Treat the animals with respect** and remember that it only takes one lapse in good judgment to ruin, or worse yet, eliminate this event.
15. Times are kept for the first 4-5 winners each day. The overall winner is the team with the best accumulated time over two runs.
16. The Round-Up Association may choose to re-open entries a second time in order to fill open team
