

# ATTENTION!

## Dear Exhibitors, Family, & Fair Attendees,

We are very lucky to be having a Rockingham County Fair this year and the ability to show. With that being said, we will have a lot of eyes on us this week. We need to all work together to show everyone the value of the life lessons that our youth are gaining with their projects. **What we do or don't do during our fair week could determine the outcome of our program this week and the other scheduled shows to happen this fall.** In order to carry on the entire week with our shows and sale, we request that you abide by the following listed below:

- ALL volunteers working the shows and sale will be required to wear a face mask or shield to reduce the spread of COVID.
- We highly encourage and recommend that exhibitors, family, and fair attendees wear a face mask or shield throughout the week to reduce the spread of COVID.
- Please distance yourself from those not in your immediate household, to 6 ft away throughout the week.
  - Don't be on top of one another when lining up for shows or in the ring with your animals.
  - Social distancing markers will be in place for shows & sale, please follow them!
- We encourage you to still take pictures of exhibitors during fair week. However, we ask that you use discretion and good sense when posting photos to social media.
- **Please "Show & Go"**, don't stand around the ring longer than necessary to show your animal or watch an exhibitor in their respective class.
- Please use Gate 1 if visiting the Livestock Shows and entering the fairgrounds prior to 4:00PM.
- During the 4-H & FFA Sale on Friday, please encourage buyers coming on your behalf to bid online from home or to maintain social distancing while attending the live sale.
- If you are feeling ill, have symptoms of COVID, or have been exposed to COVID please stay home!
- Lastly, please be patient with one another, volunteers, and staff this week. *We all may have different opinions on COVID, face masks, and social distancing requirements but for the sake of the kids and the fair, let's please all come together as one to have a great fair week!* It's a stressful time for all but we should all be thankful for the opportunity that we have been given to show and sell!
