Master Showmanship

We will offer Master Showmanship Competitions for each of the showmanship classes.

The 1st place winner, of each of the classes, in each specie, will be given the opportunity to compete in the Master Showmanship Contest. Each specie contest winner must declare to the Livestock Office, 24 hours before competition, his or her intentions of competitions. If their intentions are not declared the Livestock Office will offer the next placed specie contestant the opportunity to compete in the Master Showmanship Contest.

**The winner of each showmanship class will bring the animal that they used in showmanship to the master showmanship contest.
They will not be allowed to use their own animal in the contest.**

ETHICAL PRACTICE STATEMENT TO BE TURNED IN AT SCALE

Voluntary Livestock Evaluation Contest

This contest is designed to be a rate of gain as well as a carcass evaluation (using the Ultrasound equipment) competition and educational program. Livestock Evaluation is a program to provide junior exhibitors a learning experience that emphasizes all aspects of production. It is used to evaluate the total product rather than just the live animal as it appears on show day. This contest objective is to reward those exhibitors that produce an exceptional product through good selection, proficiency through healthy feeding practices and good livestock project management.

Evaluation Contest Scoring Procedure

Using data obtained from weighing steers, lambs, hogs and goats at 60 days, then getting a final weight and ultra-sounding for loin-eye and back fat thickness at the fair, animals are scored for the evaluation contest in the following manner:

Average Daily Gain – 40%

Calculated by dividing pounds gained by the number of days (60 or 120). Most pounds per day scores highest or 40 points, 2nd 36 points, etc.

Loin-Eye Size – 40%

Measured in square inches using actual ultra-sound data. Largest scores highest or 40 points, 2nd 36 points etc.

Fat Thickness – 10%

Measured in inches using ultra-sound data.

In hogs and lambs, least scores the highest and in beef the most scores highest or 10 points.

Show Placing – 10%

Calculated using show ring placing. 1st place scores 10 points, 2nd scores 9 points, etc.

Entries in the Livestock Evaluation Contest will register and be weighed and ear tagged at the San Bernardino County Fair Fairgrounds, unless otherwise listed, on the dates listed below.
