

FFA Heifer Class 01	Class Placing	VSS ID #	First Name	Last Name	Club/Chapter	Ear Tag	Reason
Reserve Supreme Champion & Champion FFA Heifer	1	11	Hayden	Taylor	Atascadero FFA	013	This heifer strikes me as a brood cow. She's bold and maternal in the sweep to her rib and very feminine about the shape of her head and neck. She could use more mass and dimension throughout and I'd like to stouten her bonework.
Reserve Champion FFA Heifer	2	10	Brooke	Smith	Templeton FFA	019	This heifer's stout structured and bold in her ribshape. She's very feminine ahead of her shoulder. She could be deeper back to her flank and the extra set to her hind leg causes her to be a bit more uncoordinated in the way she uses it.
	3	8	Ashley	Lewis	Templeton FFA	016	This heifer's level made and balances well from the side. She reads very maternal in the sweep to her rib, but could use more natural shape and dimension all the way through. I'd like to stouten her in her structure and make her squarer and more comfortable in the way she uses her hind leg.
	4	15	Bradly	Isbell	Templeton FFA	015	This heifer reads bold in her center ribshape and she's long bodied, however she breaks behind a straighter shoulder and she's frailer at the ground. her structural limitations keep her from competing higher in this class.
